World Class Quality

INTRODUCING

EPSON LQ-2170 PRINTER

The Fastest Speed In Its Class With Only One Artificial Stimulant: Electricity.

With a strikingly clean running speed of 440 cps at draft speed, the LQ-2170 blazes ahead of the competition. But far from being all speed and no smarts, this office marvel packs some very impressive brain power. Boasting functions previously reserved for more expensive printers-increased scalable font control, Network connectivity and software selectability-this 24-pin virtuoso rises well above the crowd of impact printers. Moreover, the LQ-2170 comes with a variety of tractor positions and 5 different paper paths, giving you precise printing accuracy and unmatched efficiency. Truly an unbeatable combination of speed, quality and convenience, it lacks only one thing-the power to get it up and running.
