

Truck terminal at Benapole still uncertain

From Our Correspondent

JESSORE, Apr 15: An unusual delay is being reported from the authorities concerned regarding the decision on tenders, invited earlier to construct a truck terminal at Benapole Port. A sense of discontent is prevailing among the contractors against the authorities concerned.

About two months ago, the local land port authority invited tenders from among noted contractors. A good number of contractors participated at various rates in defiance of condition set in the schedule. The condition was that all tenders would not be above 5 per cent and below 10 per cent. But the

rates received in tenders have far exceeded the condition. So the authorities are now in great problem, said a source. So the future of the project looks uncertain.

Benapole Land Port is the biggest one in the country earning the highest revenue every year. Yet it has no truck terminal, in absence of which quick shipment of cargo is hampered. The delay to complete the project, will result in fall of business.

The port authorities are yet to expedite the decision and issue work order for overall welfare of the nation.
