

Young girl violated IU in grip of session jam

NARSINGDI, July 4: A young girl was violated by some miscreants at village Shamtoli in Sadar thana of the district on Friday, reports UNB.

The victim was attacked by two miscreants when she reached near Shamtoli government primary school on way to her relative's house.

Local people said the miscreants led by Abu Taher and Nazmul Islam of the same village kidnapped her at gunpoint and took her to a room at the primary school and violated her one after another throughout the night.

She, however, managed to escape next morning and informed the matter to Sadar police. A case was filed in this connection.

Another report adds: Police in separate drives arrested 5 alleged terrorists from Chahachar and Banachapa bazzars in Monohordi thana and recovered one revolver, one stolen television and clothes from their possession on Friday.

They were identified as Shukur Ali, Faruque, Amir Hossain, Shohel and Farhad.

In another drive, police nabbed 15 extortionists after raiding Monohordi bazar on Saturday. Of the arrested, 11 were identified as Saiful, Ibrahim, Mofijul, Jashhim, Mujibur, Ajal, Kalam Nasir, Sohrab, Sharif and Farid.

The police recovered three pipe guns, 5 cartridges and one low-in-one from them.

IU in grip of session jam

KUSHTIA, July 4: Islamic University (IU) is now in grip of session jam. As a result the future of 6,000 students has become very bleak.

Classes were held on 83 days in 6 months. The varsity remained closed for an indefinite period 3 times.

The residential halls remained closed for 92 days. From January 1, this year classes resumed at the university.

On January 8 this year, Bangladesh Chhatra League BCL (S-P) arranged a colourful discussion meeting on the occasion of its founding anniversary at the campus. During the meeting clashes ensued in between BCL and Islami Chhatra Shibir (ICS). 10 student leaders of BCL including one Shibir worker were injured. ICS set

ablaze the dais and took full control of the campus. On that date the university authorities declared the University closed for an indefinite period after an emergency Syndicate meeting.

After closure for 58 days the university reopened on March 7 and classes and examinations began from March 8. On March 23 no class was held for hartal called by Bangladesh Nationalist Party (BNP). After 28 days of classes the University was closed on April 10 due to Eid-ul-Azha. After 17 days of closure the university reopened on April 28. In this month tension prevailed in the campus and at last on May 13 two Jatityabadi Chhatra Dal (JCD) activists were injured in the hands of ICS. As a result hartal was observed in the campus at the call of JCD. On that day the University was declared closed on account of summer vacation. After summer vacation for 18 days classes resumed from June 1.

In the month of June classes were held for 16 days without any break. The campus remained closed on June 12 due to strike. On June 23 classes remained suspended due to countrywide strike called by BNP. After this incident a movement was started for removal of Vice-Chancellor Prof Enamul Huq from June 28.

During the last six months political activities were banned on the campus. Within this period examinations were held for admission into honours classes. National properties were damaged in the campus worth Taka five lakh during the clashes and other untoward incidents.

Kidnapper gets 10-year RI

KISHOREGANJ, July 4: One Humayun Kabir alias Tutul was convicted under Women Repression Act and awarded Rigorous Imprisonment (RI) on June 17, court sources said.

Tutul was awarded 10 years RI with a fine of Tk 3000, in default, to suffer six months' more RI.

According to prosecution story, on July 6, 1992, Tutul alongwith another accomplice Kidnapped Halima Khatun, daughter of Golam Maif of village Mumuria in Katiadi thana. She was a student of Class VI of Madyapara Secondary School. The miscreants kidnapped her while she came out of the house to respond to the nature's call at night.

Halima was recovered four months after her abduction. Tutul was taken into custody by the police.

The elder brother of Halima lodged a case with Katiadi thana. Police subsequently submitted charge-sheet against to persons.

Special Tribunal Judge of Court no 5, AKM Mostafa Dewan after examining the evidences and records found Tutul guilty and awarded the aforesaid punishment under clause 4 (B) of Women Repression Act of 1983.

Spraying of DDT suggested Malaria may break out in an epidemic form in hill dists

BANDARBAN, July 4: On an average 67,000 people of the district are being affected by malaria every year while 7,000 others by diarrhoea, reports UNB.

Convener of the Health Subcommittee of Bandarban Local Government Council apprehended that malaria might break out in an epidemic form in the hill districts if the authorities concerned failed to spray DDT.

Officials here said 787 people died of malaria and 156 of diarrhoea during the period of 1991 to May 1997.

They said 4,69,464 people of

the district, which has a population of about 2.7 lakh, had taken treatment for both the diseases in last six years till May 1997.

The yearwise break-up of death and affected people by malaria: 1991 — affected 53,563 and died 58, 1992 — affected 70,459 and died 120, 1993 — affected 68,289 and died 75, 1994 — affected 79,970 and died 158, 1995 — affected 79,871 and died 191, 1996 — affected 53,064 and died 145 and till May 1997 — affected 26,002 and died 40.

The break-up of diarrhoea victims: 1991 — affected 4,691 and died 10, 1992 — affected 6,216 and died 57, 1993 — af-

ected 5,973 and died 3, 1994 — affected 6,134 and died 10, 1995 — affected 6,297 and died 3, 1996 — affected 13,218 and died 38 and till May 1997 — affected 5,625 and died 9.

When asked Civil Surgeon Dr Ahmed Kabir said the treatment of malaria and diarrhoeal patients were being hampered for lack of physicians.

He said only 21 physicians out of 67 were presently working in the district.

Meanwhile, the government and non-government hospitals and clinics of the district have been overcrowded with Malaria patients.

Srimangal-Kamalganj road link yet to be restored

MOULVI BAZAR, July 4: The road communication between Srimangal and Kamalganj is yet to be restored. Uncertainty has been prevailing over the possibility of immediate restoration of this road link.

In the meantime, Bangladesh Railway restored train communication between Sylhet and other parts of the country from July-1 after a two-day trial run on rebuilt rail truck between the stations of Srimangal and Bhanugachh. The rail and road communications were stopped on June 14 following a big fire at Magurchhara Gas field. The railway lines passing through the Magurchhara connects Sylhet with other parts of the country and the road passing through the same area connects Kamalganj thana with Srimangal.

Bangladesh railway may claim Taka 3 crore as compensation from Occidental for damages and losses caused by fire at Magurchhara drilling site, but the Roads and Highways Department is yet to decide on this matter till writing of this report.

However, according to the preliminary estimate by the R&H Department, they have

suffered a loss of Taka one crore due to the incident at Magurchhara. Pitch of one-km road has completely melted and earth has burnt due to excessive hit of fire at Magurchhara gas field.

Besides due to disruption of road communications between Kamalganj and Srimangal, all the vehicles to and from Kamalganj and Srimangal are now running via Moulvibazar road through Kamalganj road which connected Kamalganj with Dhaka and Chittagong via Srimangal. As the road has remained closed for vehicular traffic, prices of all essential commodities have increased in different markets of Kamalganj thana. A trader of Bhanugachh bazar, the main market centre of Kamalganj thana told this correspondent that transportation costs of all items has increased as all the vehicles are reaching Kamalganj thana through diversion road.

However, the part of Srimangal-Kamalganj road at Magurchhara area has been red-marked by the Occidental company. At present, the road is being used for transportation of fire-fighting vehicles of Occ-

idental which is engaged in fire fighting operation at Magurchhara gas field.

Communication Secretary Syed Rezaul Hayat has inspected the damaged road and railway lines at Magurchhara area recently. During his inspection, the communication secretary said, the R&H Department is trying to reopen the Kamalganj Srimangal road as soon as possible after necessary renovation and repair works. But he pointed out that the entire area of Magurchhara has been danger marked.

So restoration of this road is a question of approval by the experts. All works of the road will be started after approval of experts, he added.

An official source said the Magurchhara part of Kamalganj-Srimangal road may be abandoned by experts. If it happens another 10 kilometres new road will have to be constructed.

An amount of Taka 50 crore will be needed to construct the road through Magurchhara.

According to sources of R&H Department and Occidental said that minimum two months will be needed to restore the road communications between Kamalganj and Srimangal.

Paksey Bridge to be built soon

PABNA, July 4: The government will construct Paksey Bridge the second largest roadway bridge in the country soon over the river Padma at an estimated expenditure of Taka 600 crore.

It has been learnt reliably from a high official of the Ministry of Communications.

The bridge will establish direct road communication between 16 districts of northern region and 16 districts of the Southern part of Bangladesh.

The Japanese Government is going to finance this gigantic project and a loan agreement is will be signed between Bangladesh and Japan soon, the source disclosed. The source further informed that a Note of Exchange against the Paksey Bridge Project has already been signed between the two governments.

According to the programme

the Paksey Bridge would be constructed over the river Padma, about 300 kilometres downstream from the Hardinge Bridge.

The proposed new Bridge, with a length of over two kilometres and breadth of about 18.10 metres, would be constructed only for vehicular traffic. The construction of this new bridge has been left as there was no provision or arrangement for vehicular traffic over the Hardinge Bridge. Hardinge Bridge as a railway bridge with a narrow provision for the pedestrian. The Hardinge bridge was inaugurated in the year 1915 during the British rule in India.

The feasibility studies for the construction of the proposed Paksey Bridge and all necessary survey work were completed in 1996.

One gets 17-yr RI for possessing arms

MAGURA, July 4: One person was sentenced to suffer 17 years' Rigorous Imprisonment (RI) for possessing illegal arms.

The convict is Alam, 35, of village Chakdah in Sripur thana of Magura district.

According to the prosecution, two alleged accused persons including a woman were caught red handed with shutter gun and bullets on September 15, 1995 from a house at village Bilnathur under Sripur thana of the district.

Police submitted charge sheet against Alam, Farjana Baby and Jahangir.

Abdul Hai, Sessions Judge, Magura awarded the punishment under Arms Act on June 26.

Milk production declines in Madaripur

MADARIPUR, July 4: The production of milk has declined in the district as cows are suffering from various diseases including malnutrition, reports UNB.

Local farmers said nearly 90 per cent of the milk cows are being attacked by the fatal diseases resulting in deaths in large numbers.

The cows are gradually becoming rickety due to anaemia caused by the disease and ultimately die. Essential medicines are not available in the district for the diseases.

The situation has deteriorated because most of the poor farmers are unable to provide timely treatment for the domestic animals.

Peasants of the area urged the concerned authorities to take immediate measures for ensuring supply of medicines necessary for the cattle diseases.

Decrease in soil fertility raises alarm

BARGUNA, July 4: Soil fertility in five thanas of the district has decreased to an alarming proportion due to excessive use of chemical fertilizers and continuous cultivation of same crop on the same plot of land, reports UNB.

Farmers of the district have little knowledge about the soil components. So they use chemical fertilizers indiscriminately instead of organic fertilizers to obtain maximum production.

Experts said organic fertilizers are necessary to retain the production capacity of the soil which protect decaying of the necessary soil ingredients.

Most of the arable lands of the district are cultivated twice or thrice in a year and chemical fertilizers are applied without any consideration.

Farmers said a total of 70 to 90 kg chemical fertilizers including urea, TSP and potash are used in per bigha land but the organic fertilizers like cowdung and water hyacinth are rarely used.

As a result, the productive capacity of cultivable lands throughout the district is decreasing day by day.

Besides, the soil also lost its productive capacity due to heavy iron in ground water extracted by deep tubewells used for irrigation.

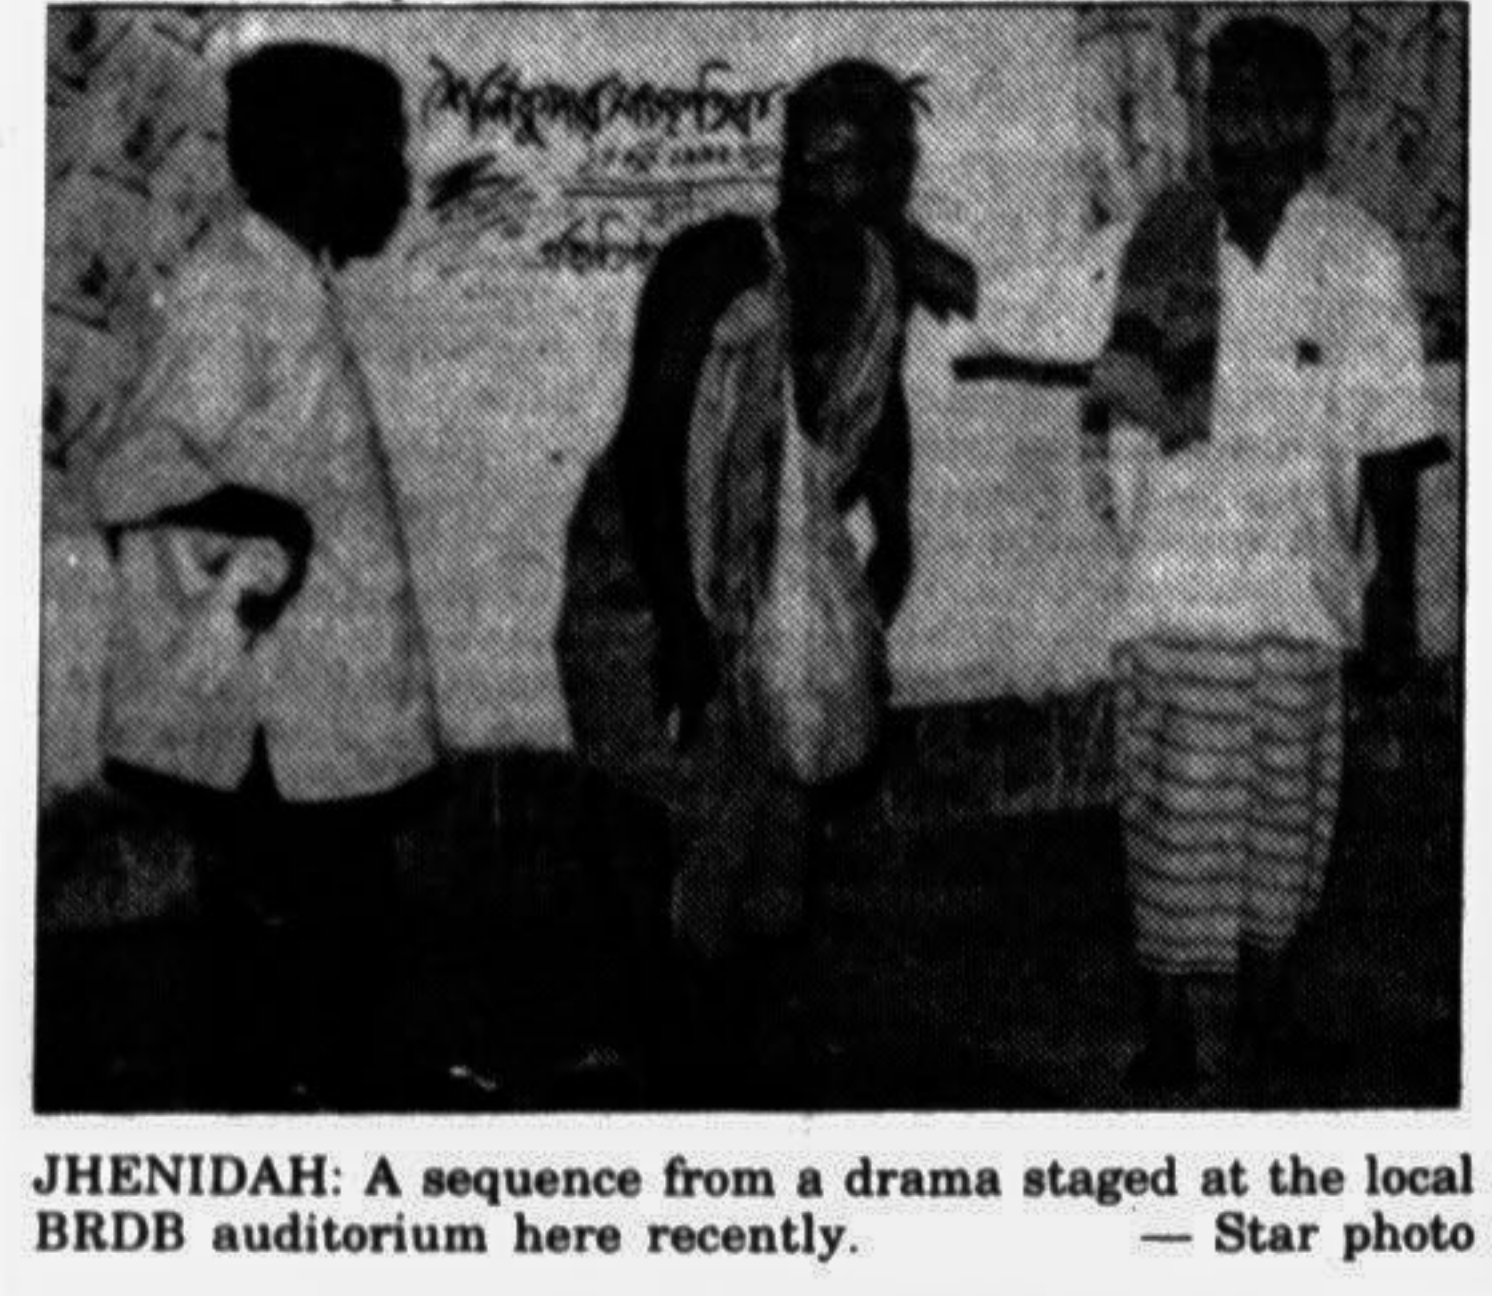

Experts suggested that farmers should apply chemical fertilizers after proper testing of soil and also in consultation with the related agriculture officers.

Housewife stabbed to death

SIRAJGANJ, July 4: A housewife was stabbed to death allegedly by her husband at village Madhuour in Raiganj thana on Wednesday, reports UNB.

Police said Nurul Islam killed his wife Moyna Khatun, 15, at night as she failed to bring dowry money from her father.

Local people, however, caught Islam and handed over to his police. A case was filed with Raiganj thana.
