## Bazars in bad shape

**From Our Correspondent**

MAGURA, Sept 5: The rural markets of four thanas of Shalikhah, Muhammadpur, Sripur and Sadar in the district are in pitiable condition.

Lack of development of markets by the authorities concerned is causing a great inconvenience to the people.

About 80 per cent people of the district live in the villages. The socio-economic development of rural people of the district depends on development of markets.

An unofficial survey report said, there are about 50 hats (weekly market) and bazars in four thanas of the district. Of them, 20 big hats and bazars are being supervised by the thana and district level administration while the rest of the small hats and bazars are being supervised by Union Parishad management.

The name of these hats and bazars are: Ramnagar, Shatrujpur, Katakhal, Alamkhali, Satyapur, Jagdal, Ichakhala, Nijmadul, Bette in Magura Sadar thana, Langalbandh, Tikerbila, Srikol, Khamarpura, Nohata, Sachilapur, Amalsar, Dariapur, Kazali, Barisat in Sripur thana, Arpara, Simakhali, Pulom, Gangarampur, Bunagati, Baulia, Sharsuna, Ghatghat in Shalikhah thana and Binodpur, Muhammadpur, Rajapur, Rajpat, Midapur, Nagra, Babukhali Kanutia, Nohata, Jumisia in Muhammadpur thana of the district.

Above mentioned hats and bazars are vital places for selling commodities produced by the farmers and buying the daily necessities by the consumers. Development of rural economy depends on the smooth functioning of these hats and bazars.

The government earns a huge amount of revenue. Only small hats in the remote area do not pay any revenue to the government.

Rural hats function twice a week in the rural areas, while in some places like Muhammadpur, Arpara, Binodpur, Satrajitpur, Langalbandh, Nohata, Sripur, Magura bazars function on all days during the week. Village people including buyers and sellers with varieties of goods come to these hats and bazars from distant places and sell those.

Most of these hats and bazars are in deplorable condition.

### Lighting kills 1

**From Staff Correspondent**

BARISAL, Sept 5: A man was killed by lighting at Gaynagar village under Daulatkhana thana of Bhola district on Monday evening.

tions due to non-spending of money either by the government or local bodies toward developments. Most of the established bazars have no bazar committee or Banik Samiti approved by the government. As a result, the bazars are operated in a free style manner. There are no required sheds, sanitation, drainage, water supply, telephone facilities in these hats and bazars causing immense sufferings to both sellers and consumers. The electricity has not been supplied in many hats and bazars like Amalsar, Tikerbila, Srikol and other bazars.

The sufferings of the consumers and sellers become worst due to kutchra roads of these hats and bazars.

There are no adequate number of shells. Moreover, due to lack of public toilets, people are compelled to go here and there at nature's call, creating environmental pollutions.

Consumers do not also get medical, telephoned drinking water facilities.

According to the official sources, the Thana Nirbahi Officers (TNOs) and the union Parishad chairman are entrusted to execute all sorts of developmental works of hats and bazars. It was learnt that 15 per cent amount out of the revenue collected by leasing hats and bazars must have to spend for market development.

But it is largely alleged, the amount is not spent for the purpose.
