Radiotherapy Deptt of RMCH not functioning properly

From Our Correspondent

RAJSHAHI, Oct 4: The Radiotherapy Department of Rajshahi Medical College Hospital (RMCH) cannot function properly for shortage of manpower and accommodation problem.

Patients are not getting good service for this reason. The Radiotherapy Department was opened in RMCH in 1977 for treatment of the fatal disease cancer.

According to the concerned sources, there are only one post each for Associate Professor, Assistant Professor, Residential Surgeon and Radiotherapist. The post of Residential Surgeon is now lying vacant for a long time.

The department requires at least three more posts of Registrar, Assistant Registrar and Medical Officer to become a full-fledged unit, but the posts are yet to be sanctioned.

Under the Radiotherapy unit, there are a total number of 10 beds including four beds for females. But the unit is yet to get a separate ward. Its beds have been created by cutting 10 beds from the Diarrhoea Ward and the beds have been kept in the same ward.

Dr Daemuddin, Assistant Professor in Radiotherapy Department informed that 110-125 patients with cancer in different organs came everyday out of whom almost all patients required radiotherapy.

Besides these patients, some other patients got admitted into medicine surgery and gynaecology wards and most of them also need radiotherapy, he said.

To accommodate all these patients, two full-fledged wards of 30-40 beds, one for males and another for females are essential.

Cobalt-60 machine, a modern equipment for improved and effective treatment of cancer is likely to begin functioning very soon. Introduction of this machine will necessitate opening of separate and complete wards for cancer patients in the hospital, as it will seemingly increase the number of patients who will deserve admission for proper management and follow up.

Radiotherapy Department has not ward boys, ayas and nurses of its own. As a result the quality of service hampered. There are two deep X-ray

machines in the Radiotherapy Department functioning since the inception of the department in 1977. Both the machines are now in good condition, claimed Dr Daemuddin, but another source informed that the machines go out of order every now and then. The service has been hampering. The concerned source, however, explained that sometimes spare parts like tube naturally lost effectiveness due to expiry of their normal lifespan or any other cause.

Meanwhile, functioning of the Radiotherapy Department is hampered almost everyday by quarrels and hue and cry at Staff Ticket Counter opened just adjacent the entrance of the department.

The counter has been opened there by taking a room of physiotherapy Department from where the staffers and students of the Medical College and Hospital get outdoor treatment tickets free of cost. But the staffers and other non-staffers gather there to take tickets free of cost or with a low cost. An outdoor ticket costs Taka 3.70 in the general outdoor counter. The hospital authorities, however, do not get the money.

Racketeers active in Comilla Board!

By Staff Correspondent

A group of officials and employees of Comilla Education Board, in collaboration with some officials of a few colleges, for their own benefit, allured students to appear in public examination, results of which were withheld by the board authorities, alleged Mohammad Abdur Rouf, Headmaster of Sunamganj Girls High School, in a press statement on Friday.

The statement lauded the role of Dr Azizur Rahman, chairman of the board for his bold initiative in identifying the racket involved in this business.

Demanding safety and security of the officials involved in identifying the racket, it further said that the residence of Haroon Al Rashid, the audit officer of the board came under bomb attack on September 29. Rashid was among the officers assigned by the chairman for identifying the racket.

For purposes of verification when the Board authorities sought the records of those students whose results were withheld, the administration of those colleges failed to provide their records, alleged Abdur Rouf who is also the president of Sunamganj Sikkhok Samity.

Violating rules, some of them appeared in examinations changing their institutions. In some cases they used registration number of other students, while some others managed false registration numbers, the statement alleged.
