Internet @ Lightning Speed !

The problem of Internet access in Bangladesh is that the growing demand of the Internet users has created an ironic twist, Internet users are increasingly frustrated by the amount of time it takes to access and download information. And obviously it increases the cost of using the Internet.

WHAT YOU WANT

- Fast Access to the Internet
- Cost Savings on online usage bill
- High speed web surfing
- See Video, Movie, Music in Internet
- No more waiting and waiting

Introducing a world of information without the wait. ZAKNet is the revolutionary satellite connection to the internet for the super-high-speed and cost-effective downloading.

How ZAKNet works ?

ZAKNet enables Internet users to download from ASIASAT II satellite to directly into their home or office by using a ZAKNet PC card, a small satellite dish and your existing or new internet account with any local Internet Service Provider.

And what a speed !

You can download information at lightning speed, upto whopping 200 kbps to 8000 kbps about 400 times faster than present maximum download speed of 28 kbps in Bangladesh... just imagine !
