

People of Chandpur deprived of basic civic amenities

From Our Correspondent

CHANDPUR, Nov 8: The residents of Chandpur Municipality have been deprived of basic civic amenities due to manifold problems for a long time.

The municipality established in 1896 covers an area of 12 square miles with a population of about one lakh. Chandpur Municipality possessing A grade status is beset with manifold problems including deplorable condition of roads, absence of proper drainage system, scarcity of pure drinking water, inadequate street lights, traffic jams, frequent power failure, absence of public toilets and recreational facilities.

Most of the roads, lanes and bylanes in the municipal area are in a pitiable condition. These roads are not being repaired for a long time. The roads are: Station Road, Comilla Road, Stadium Road, Hazi Mohasin Road, Nazir Para Road, Bishuadi Road. Many roads in Ward No-5 are still kutchha. The roads of Puran Bazar are in a very bad shape. Many roads remain damaged for a long time.

The town dwellers are facing serious problems of water stagnation caused by rain and flood water. Nazir Para, Professor Para, Chandpur Government

College area, Taitala, Mission Road usually go under water after rain. There is no proper drainage system in these areas. Most of the roads, lanes are filled with filth and garbage. Water stagnation remains in the area for several months.

The violation of traffic rules in the municipal area has become a normal affair causing problems to pedestrians. Comilla Road, Station Road, College Road, Station Road, Natun Bazar Road, Pal Bazar Road, Court Road areas are badly affected due to frequent traffic jams.

According to pourashava authorities there are about 4,000 rickshaws in the municipal area, but about 10,000 rickshaws are plying in the municipal areas.

Lack of adequate water supply in the municipal area is one of the problems. The water supply project under 16 town development project has been completed. After completion of the project, the water supply is still inadequate. Public toilets in the municipality are inadequate. More public toilets should be constructed in different areas. Absence of recreational facilities in a problem for a long time.

Lab for viscera test yet to be constructed

From Our Correspondent

Construction work of a laboratory for viscera test in Khulna is yet to be started. Over five hundred cases of mysterious deaths could not be disposed of till now.

In case of mysterious deaths, viscera are usually sent for chemical examination to Mahakhali laboratory in Dhaka. Even viscera test is also required in case of death by heart failure. Report on viscera test helps investigation of the unnatural death (UD) cases, said a senior consultant physician of the local general hospital.

Besides, morgue in sadar hospital also needs to be modernised. Because, the system for post-mortem examination of the dead body is not modern. There is also no separate place for safe preservation of viscera.

The municipal park has been turned into an Eidgah. So there is no park in the town. There is no adequate street lights in the municipal area. Most of the residential remains dark after sunset. Chandpur bus terminal is in the residential area. The bus stand should be shifted to a convenient place. Recently Chandpur Municipality has been extended up to Bishnudi and a new Ward number-5 has been created. But there is no development work in the newly created ward. There is no slaughter house in the municipality. Cows, goats are slaughtered here and there threatening the public health and environment. Drug addiction of the youths are very common in the municipal area. No step has been taken to control the drug addiction and unauthorised drug business in the town.
