## 8,300 acres of Rly land illegally occupied by various govt deptts

From Our Correspondent

NATORE, Jan 9: A total of 8,300 acres of land of Bangladesh Railway (BR) Western Zone have been illegally occupied by various government departments and influential quarters in connivance with some corrupt railway officials.

The zonal office of BR filed over 200 cases against the illegal occupants. But these cases have remained pending for a long time.

According to official sources, the total landed property of the zone is 37,750 acres. Of which, 21,500 acres are being utilised by the Railway department, 7,565 acres of land and 171 acres of land have been leased

out for agriculture and business purposes respectively.

About 128 acres of marshy land have also been leased out. The rest 8,300 acres of landed property of the zone have been occupied by different government departments and influential quarters.

The Western Zone of BR is earning only Tk. 17 lakh annually from the leased out property.

A source close to the BR told The Daily Star that at least Taka one crore could be earned annually from the illegally occupied landed property if leased out properly.

Meanwhile, the service of Railway in this region has be-

come very poor due to negligence and irresponsibility of the Railway officials.

A total of 42,000 officials and employees have been serving in the Western Zone of BR. Most of the officials and employees remain either busy with their promotion and posting or involved in various activities with the illegal occupants.

Considering the deteriorating conditions the Railway passengers are being allured by modern air-conditioned bus services.

It is worth mentioning, there is a bright future for Bangladesh Railway following commissioning of Jamuna Bridge in near future.

## Fund shortage hits hard slum uplift project

SYLHET, Jan 9: Implementation of slum development project in the municipality is being hampered due to fund constraint and absence of supervision, local officials said, reports UNB.

The project, taken up in 1989 with financial assistance from World Bank, was aimed at improving the standard of life of the slum-dwellers by making them self-reliant.

The project included nine slums with a population of about 6,000 of 1,172 families. The slums are at Kuarpur, Khuliapara, Chhararpara, Nayas-

arak, Munshipara, Barudkhana, Kashtoghar, Laidighirpar and Dhupadighirpar.

Project officials said a total of Tk 37 lakh has so far been spent for the project. But, slum-dwellers alleged that the standard of living in the slums could not be improved due to poor facilities extended to them.

The programmes under the project include development of sanitary and drainage systems, sinking of tubewells, construction of pavements and public toilets, establishment of small and cottage industries, exten-

sion of mother and child care facilities and setting up of satellite schools.

The project officials informed that so far Tk 7.20 lakh has been distributed among the poor people for employment generation and six schools have been set up in these slums.

But, they said, the activities of the project slowed down due to the irregular and inadequate flow of fund.

They said if implemented fully, the project could bring a total change in the life-style of the slum people.

## Diarrhoea claims 3 in Sylhet

SYLHET, Jan 9: Diarrhoea that broke out in an alarming proportion at Amurpur village in Kanaighat thana claimed three lives and affected many others during the last four days, reports UNB.

Local people complained scarcity of saline packets and necessary medicines are scarce in the area. According to local physicians taking of adulterated food and contaminated water was the reason behind the outbreak of the disease.

The dead were identified as Hasan Ali, 60, his three years old daughter and a boy. Villagers said some 50 people of 10 families were affected by the disease.

## Dense fog 1 killed in Feni road accident

FENI, Jan 9: One person was killed and 15 people were injured in five separate road accidents in the district during last 48 hours amidst dense fog, reports UNB.

The accidents took place on Feni bypass road near Lalpool, Chilonia, Muhuriganj, Chhagolnaya and Dagonbhuiyan areas due to poor visibility as thick fog covered the surface.

The identity of the victims could not be known. The injured people were admitted to Feni Sadar hospital.
