tuaries in the dense forest. Experts said crocodile, leopard, stork, python, frog, green pigeon, harial, dhanesh bird.

peacock, different types of deer, wild cock, snakes, porcupine, elephant, entellus and other animals of mammal group in the forest are totally out of sight. .

They said about eight species of trees in the forest have no existence at all. The trees are mostly being used in brickfields and sold in the market as

firewood. Over 100 kilns have been set up in Mirzapur, Kadda, Kaliakair, Sreepur and other nearby areas of the forest for manufacturing bricks using huge quantity of 'gajari' and other trees.

The source also said since the post-independence, timbers worth over Tk 5,000 crore have been smuggled out from the forest. After cutting trees, a section of jotdars and landless people illegally occupied the barren

in the forest area without any legal permission. It is learnt that the smugglers are carrying out their illegal activities in connivance with a section of forest officials and employees.

But the authorities are yet to resist the smugglers and illegal traders although a large number of cases have been filed against them. Over 600 cases remained pending in the district forest court.

An official source, wishing anonymity, said about half of the forest area has gone under the illegal possession. Illegal house and other establishments are being built up on the land.

Experts suggested establishment of well managed wild life sanctuaries in the region and massive afforestation.

Recently the government has set up a breeding centre in the National Park in Bhawal Garh for animal breeding and preservation. Tree plantation programme has also started in all the beats of five ranges with Many saw-mills are running a view to massive afforestation.

SYLHET, Mar 24: Indian Border Security Force (BSF) have expressed regret for their harassment of a Bangladesh cultural troupe while returning home after attending a drama festival at Karimganj in India, reports UNB.

The official regret came when the Bangladesh Border Force (BDR) raised the allegation at a border coordination conference held at the Parjatan motel in the town on Friday.

It is alleged that BSF members traded gun shots targeting the delegation while they were crossing the Kushiyara river on January 21 after attending the drama-festival as invited guests.

Explaining the situation, the BSF representatives said the untoward incident happened due to lack of coordination between the duty officials of Customs and BSF.
