Call to handle rape cases effectively

By Staff Correspondent Platform to Resist Violence Against Women (PRVAW) has urged the government to effec-tively handle the rape cases and ensure punishments to the culprits responsible for repression on women and children, says a press release.

Expressing its dissatisfaction, PRVAW said that rape cases are on rise as no culprits could be punished despite a law permitting death penalty for repression on women.

"The heinous crimes are being committed as there is no rule of law in the country, the release said.

PRVAW has also called upon the people irrespective of par-ties and opinions, to launch a movement to force the government to take action against the culprits responsible for rape and repression on women and children.
