**Govt hailed for placing pro-people budget**

Exporters' associations and trade bodies hailed the government for placing a pro-people and business-oriented budget for the 1998-99 fiscal, reports UNB.

The appreciation came from a meeting of the 'national task force on export' with Commerce and Industries Minister Tofael Ahmed in the chair.

'Presidents of all exporters' associations and chambers are the members of the task force.

Praising the suggestions put forward by the business leaders at different task-force meetings, the minister said the frozen food sector is gaining momentum following implementation of the package programmes recommended by the expert committee.

As a result, he said, 10 more shrimp processing plants succeeded the quality bar in export in addition to the six which succeeded it earlier as they set up HACCP quality control system.

The meeting asked the Land Ministry to allot 100 acres of khas land to each recognised processing plant based in Chittagong and Cox's Bazar areas so that they can set up pilot plants.

It will help provide technological and expertise supports to the small processing plants and will be able to generate new entrepreneurs in this sector.

The meeting urged the Land Ministry to lease out lands for 99 years to the tea garden owners for bringing back confidence among the owners, money lenders and the donors.

It also asked the Land Ministry to stop any lease to the traders for sand-heap inside the tea garden areas.

Highlighting the efforts made by the private sector in maintaining export growth at the rate of 16.75 per cent in dollar terms, the minister said the proposed budget has opened up new avenues for creating more employment, diversified products, more export and healthier economy.

He said Prime Minister Sheikh Hasina advised the Bangladesh embassies abroad to pursue the trade promotional activities as their main job.

Tofael called on the entrepreneurs and businessmen for full utilisation of the incentives and facilities provided by the government for early emancipation of the national economy.
