

Bangabandhu took first step for construction of bridge on Jamuna

The first concrete step in independent Bangladesh for the construction of a bridge over the mighty river Jamuna to link the two sides of the country was taken by none other than Bangabandhu Sheikh Mujibur Rahman, official documents revealed, reports BSS.

It was at the behest of the country's founding father that a feasibility study for the bridge, which was still then a dream was carried out by government of Japan.

The matter relating to the construction of Jamuna Bridge, since named as Bangabandhu Jamuna Bridge, came up for serious discussions during the visit to Bangabandhu Sheikh Mujibur Rahman, the then Prime Minister of Bangladesh during his visit to Japan in 1973.

dreamt a quarter century ago, became a reality now during the office of his daughter Prime Minister Sheikh Hasina who is going to inaugurate it on June 23, to mark the second anniversary of Awami League in office.

"The Prime Minister of Bangladesh explained the importance of the government of Bangladesh attached to the building of a bridge over the Jamuna river, which would help integrate the economy of Bangladesh," the communique issued after Bangabandhu's visit to Japan, Bangabandhu visited Japan in October 1973 at the invitation of the government of Japan headed by Prime Minister Kakuei Tanaka. "The two prime ministers noted with satisfaction that the feasibility study was being carried out by the Japanese side," the commu-

nique added. The 4.8 km long and 18.5 metre wide bridge is the biggest infrastructure project of the country and one of the finest examples of engineering skill. Communications Minister Anwar Hossain said a few days ago.

Japan has provided 200 million US dollars for the construction of Taka 3700 crore (about 950 million US dollars) bridge. Asian Development Bank and World Bank also provided 200 million dollars each for the construction of the bridge.

The Bangabandhu Bridge after being opened for public next week, will not only bridge the physical gap between the two parts, but also the mental distance that people have been experiencing for a long time.

India rejects proposal for Pak participation in ASEAN forum

MANILA, June 18: India has rejected proposals to invite Pakistan to a security forum next month of high officials from Southeast Asian nations and other countries, an official said today, reports AP.

Philippine Foreign Secretary Domingo Siazon said India's minister of state for foreign affairs, Vasundhara Raje, told him of her country's position on Pakistan's participation during a meeting late Wednesday.

India set off three underground nuclear explosions on May 11 and two more on May 13, Pakistan, which has fought three wars with India, responded with tests of its own.

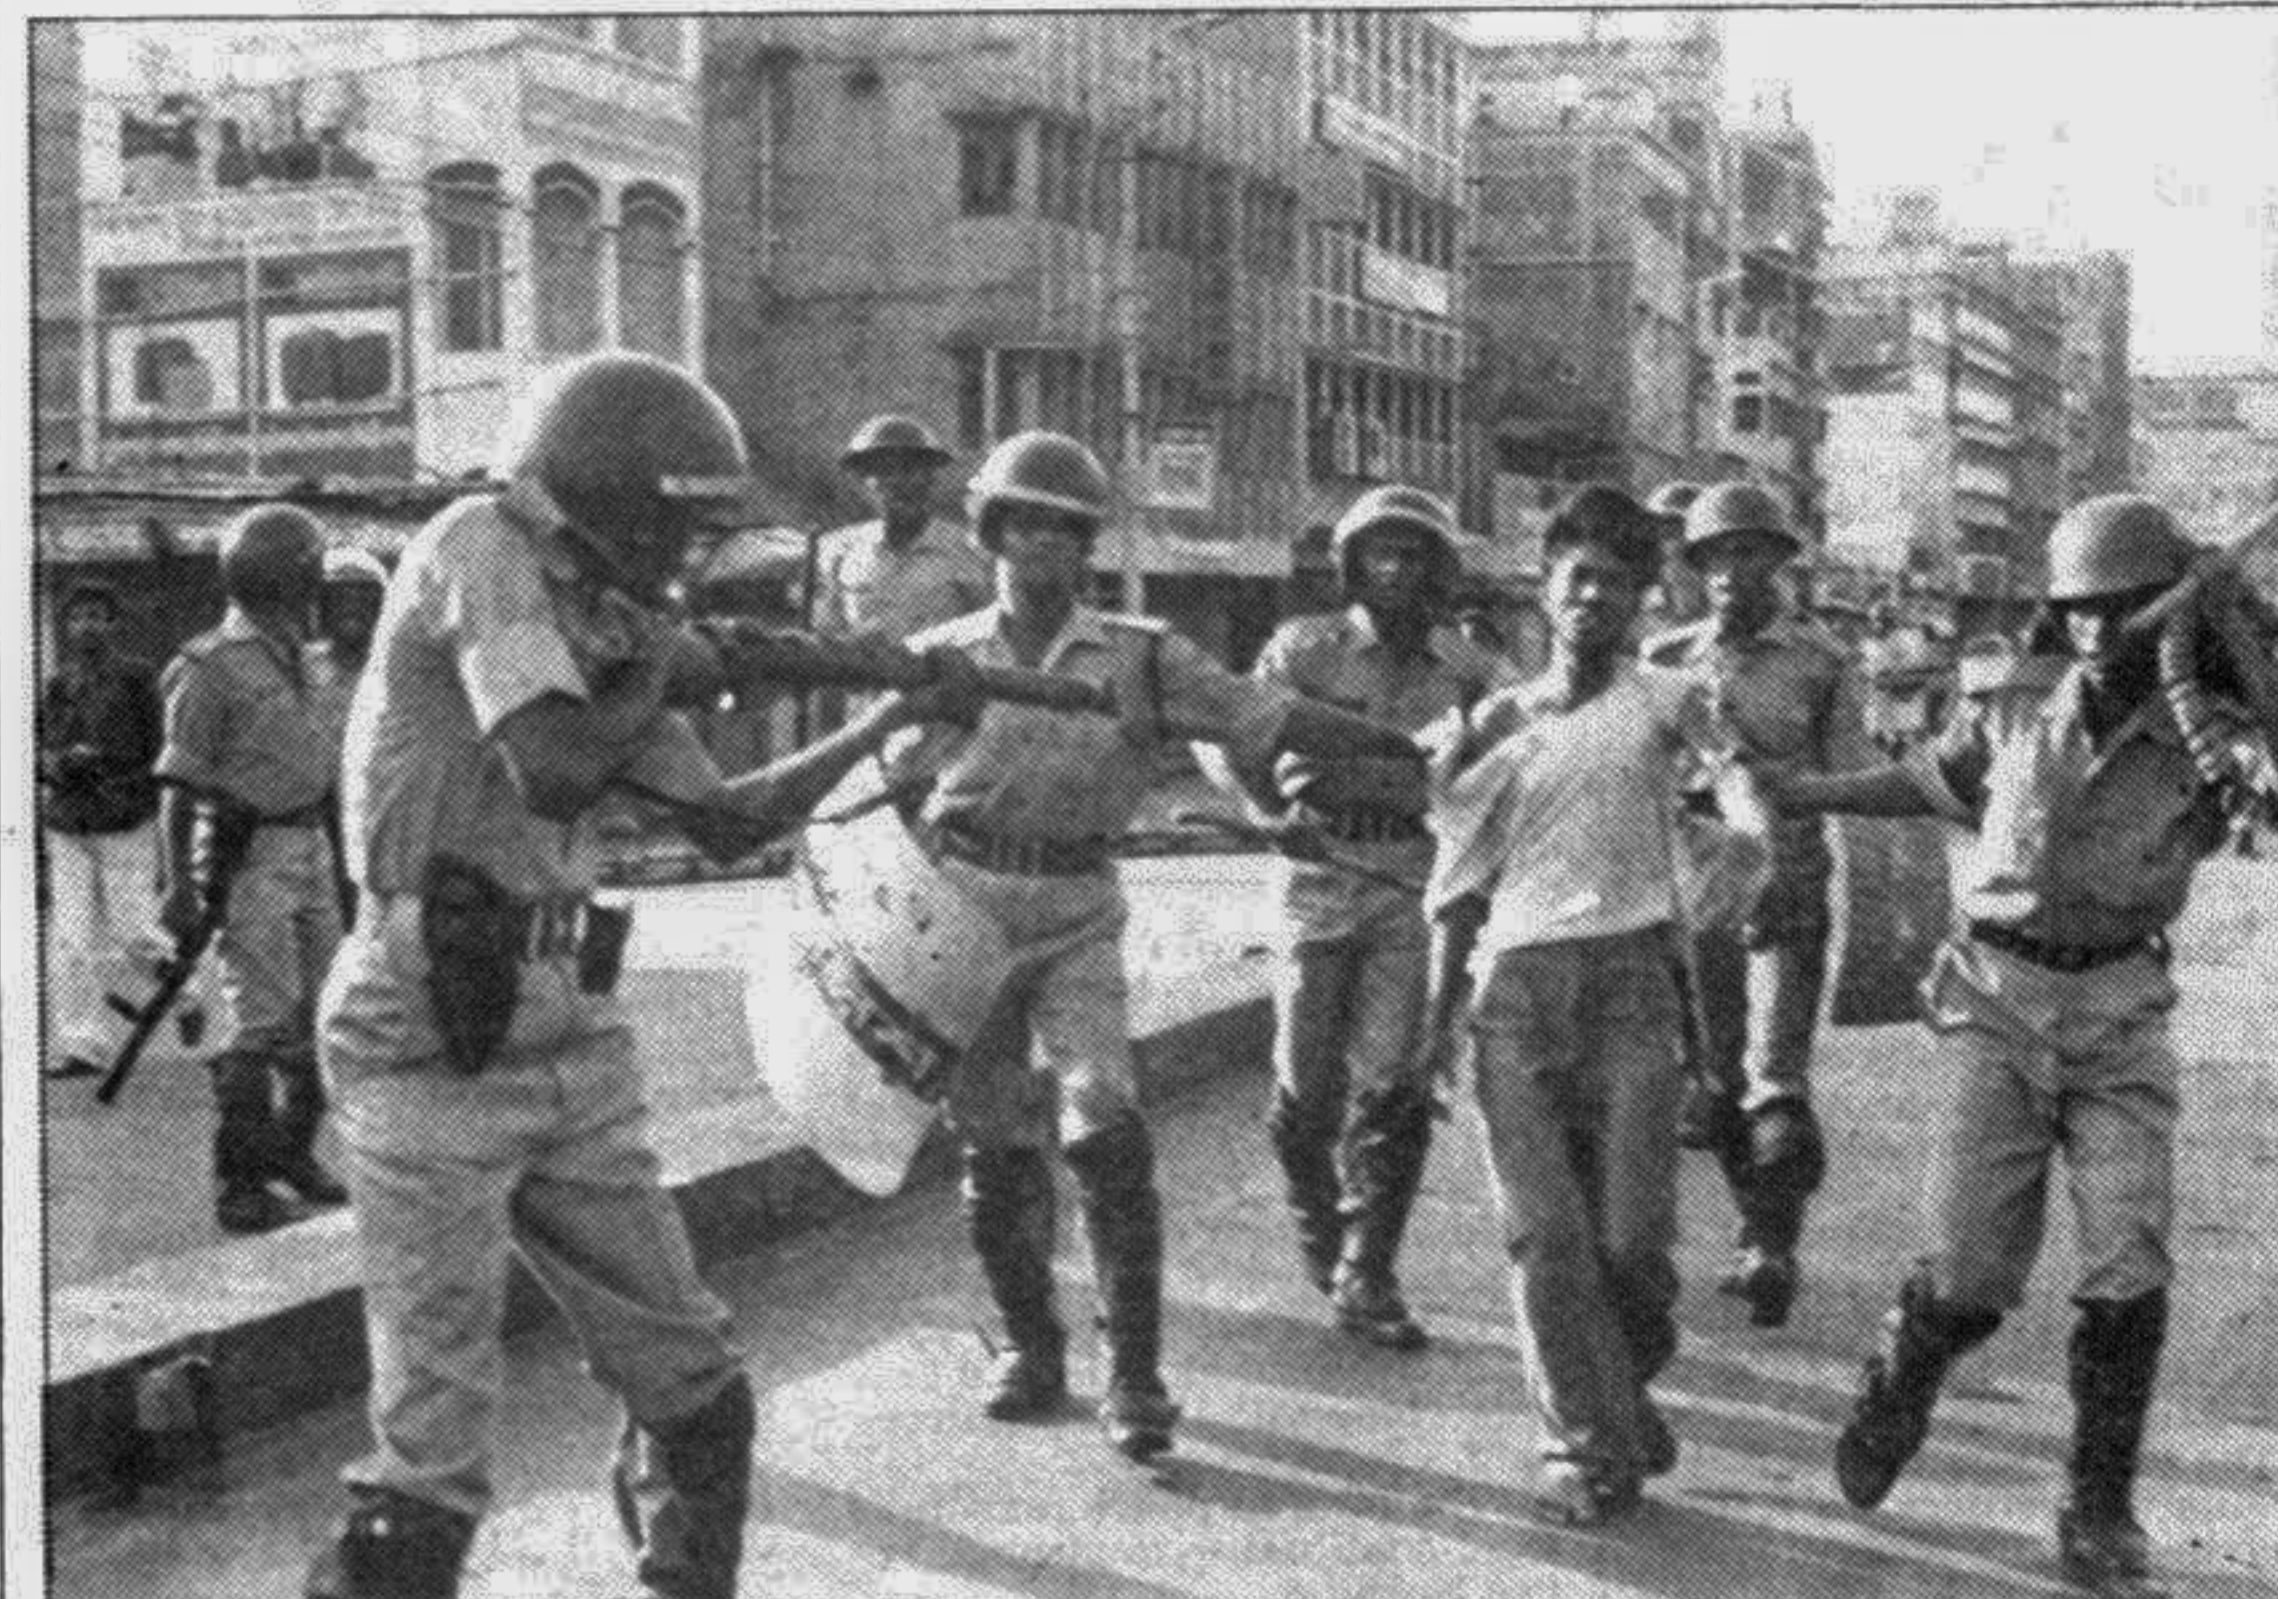

Siazon said Raje told him that the problem is "essentially between India and Pakistan and that they should be given the opportunity and ample time to work on this bilateral problem and hopefully present a common solution."

Raje was in Manila for an overnight stop as part of a four-day tour that also includes visits to Vietnam and Singapore that is aimed at winning friends in the aftermath of its nuclear tests.

Siazon is chairman this year of the Association of Southeast Asian Nations, which holds a meeting of its ASEAN Regional Forum, a security grouping, in Manila on July 27.

Opposition urged to pursue politics of peace

Bangladesh Chhatra League (BCL) yesterday urged the Opposition to pursue the politics of peace and harmony instead of politics of conspiracy and destruction for national development, reports BSS.

"We should find an alternative pattern of political agitation except hartal to prepare the country for the challenges of the next century," they said, while addressing an anti-hartal rally in the city yesterday morning.

BCL central Executive Committee held the rally in front of the National Press Club following a procession of hundreds of students, which began on the Dhaka University campus and paraded through major city streets.

BCL president Enamul Haque Shamim, general secretary Ishaque Ali Khan Panna, Dhaka University Unit President Bahadur Bepary and General Secretary Abdul Wadud Khokhon addressed the rally.

The BCL leaders said, "as the peace agreement on Chittagong Hill Tracts (CHT) created a peaceful environment, it was possible for the opposition to reach the CHT with the so-called long march without any obstacles."

They said, "the opposition should do their politics for the interest of the people, not for a particular interest group."

Suspension of BUET classes Authorities clarify position

BUET authorities yesterday clarified that they were compelled to suspend the classes from June 17 to July 13 in the face of "critical situation" arising out of the students' agitations. A statement signed by the BUET registrar Mohammad Shahjahan Wednesday said that "the authorities never wanted to suspend classes for the World Cup Football 1998 and there is no scope to doubt the authorities' intention to resume classes within the shortest period if the students want to attend their classes."

The statement said that some 300 students staged demonstrations and created chaos in the university when they forcefully closed the university gates, ransacked several buildings, pelted stones to teachers' houses and threatened class-going students. "Law enforcing agencies remained indifferent though all the incidents took place at their very nose," the statement said.

Following a three-day unruly demonstrations by the students, all the student bodies of the university urged the Vice Chancellor to suspend the academic activities from June 21 to July 13 and demanded to announce the period as the summer vacation. Considering the situation, a meeting of the chairpersons of the departments, deans of faculties and provosts of the halls also unanimously opined that classes of all levels and terms of graduation level of the university should be closed from June 17 to July 13. The meeting also suggested that all the research activities and classes of post graduate level will, however, remain open.

The statement brushed aside the "misleading propaganda" that some teachers were involved in the effort to suspend classes.

The statement said that the teachers expressed astonishment and disappointment at the editorial comments by some newspapers that a section of teachers were against the resumption of classes.

BUET authorities issued the statement following criticism by the press that they suspended the classes out of no critical situation.

Indian army officer, 3 others killed in Kashmir

JAMMU, India, June 18: Three separatists and an Indian army major were killed in a clash between security men and guerrillas in India's troubled Jammu and Kashmir province, police said today, reports Reuters.

Police said Indian troops working with state police forces on Wednesday evening had cordoned off a village in the Poonch district near the Pakistan border to comb for militants in hiding.

Separatists in the village opened fire, seriously wounding the army officer, who died on the way to hospital, they said. Three separatists were killed in the clash.

Last week, Jammu and Kashmir's chief minister, Farooq Abdullah, said Indian security forces had launched active operations against guerrillas in the Himalayan area, mainly Hindu India's only Muslim majority province.

Nearly a dozen militant groups are fighting for Kashmir's independence or merger with neighbouring Pakistan.

India, which rules two thirds of the disputed Kashmir valley, accuses Pakistan of arming and training separatists and mercenaries from other Islamic nations like Afghanistan.

Pakistan, which controls the remaining one-third, says it provides only political and diplomatic support to the rebels.

Police and hospitals say more than 25,000 people have been killed since the separatist rebellion erupted eight years ago.

14 injured in Karachi bomb blasts

KARACHI, June 18: At least 14 people were injured when two bombs exploded today outside the Karachi Stock Exchange (KSE) and a provincial government secretariat building, police and witnesses said, reports AFP.

The bombs, on motorcycles left near the main entrances to the bourse and the Sindh secretariat, damaged more than a dozen vehicles, police said.

Police said the explosion outside the government building came about 20 minutes after the KSE blast.

The condition of two of the 10 people injured in the KSE explosion was said to be serious. The secretariat explosion injured four people.

A senior police official Manzoor Mughal said the blasts were acts of terrorism aimed at spreading terror in the city.

Karachi, Pakistan's largest city, has been hit by a new wave of violence this week that has killed around 30 people.
