Govt has failed in every sector: Ershad

Jatiya Party Chairman H M Ershad staged anti-government street agitation in the city yesterday, reports UNB.

Ershad's Jatiya Party gave crucial support to Prime Minister Sheikh Hasina's Awami League to form the government in 1996.

"I have started my movement from today," Ershad told a pre-procession rally at Paltan Maidan accusing the government of its failure what he called in every sector.

Ershad himself led the procession in the city's main thoroughfares yesterday afternoon. Several thousand workers of the former ruling party followed him from Paltan to Bangla Motor.

Yesterday's "mass procession" and rally were organised to protest terrorism, police atrocities, politicisation of administration, and to demand rule of law, independence of judiciary, curb in the rising prices of essentials and trial of Rubel murder.

Addressing the rally, Ershad said public life has been plagued by terrorism while politicisation of administration including police has created chaos in society.

The JP leader demanded neutral role of the administration and said "We will have to protect the country from politicisation."

People are frustrated with the present government, he said, adding there was no security to public life.

Ershad who was released on bail in January last year alleged that there was no cohesion of words and works of this government which he said suppress truth to the people.

The JP chairman said prices of essentials have gone beyond the buying capacity of the people while the market is flooded with Indian goods.
