**Involve pvt sector for economic growth: FM**

Foreign Minister Abdus Samad Azad has underlined the importance of involving the private sector for the growth of economies of the member countries of Non-aligned Movement (NAM), reports BSS.  
Azad, who is now in Durban, South Africa, attending NAM foreign ministers meeting which precedes the summit, said "unless the movement involves private sectors and takes on board their concerns and interests, much of NAM's work in this area would never be translated into action."  
The Bangladesh Foreign Minister was commenting on the report of the panel of economists submitted before the meeting of the NAM foreign ministers which began Monday, according to a message received here yesterday.  
The two-day meeting of the foreign ministers precedes the 12th NAM summit which begins today.  
While congratulating the economists who contributed to the preparation of the report, Azad, however, drew the attention of all by saying that the role of the private sector appeared to have been ignored.  
He proposed a number of action programmes on the report of the panel of economists which, inter alia, states that in the context of global economy, NAM should identify issues which are regarded as fundamental to the south.  
In the absence of Prime Minister Sheikh Hasina, the foreign minister will lead the Bangladesh delegation at the NAM summit.

**DPRK envoy makes farewell call on President**

The outgoing Ambassador of the Democratic People's Republic of Korea (DPRK) Dr Kim Ki Duk made a farewell call on President Shahabuddin Ahmed at Bangabhaban yesterday, reports UNB.  
The President expressed satisfaction over the existing excellent bilateral economic co-operation between Bangladesh and DPRK and said that such co-operation would be further strengthened in future.  
He appreciated the DPRK government for its valuable contribution towards financing the Madhaypara Hard Rock project.  
He said that about 20 Bangladeshi engineers and geologists are undergoing training in North Korea in connection with the project.
