THE BIRTH OF TRAGEDY AND THE CASE OF WAGNER
Author: Friedrich Nietzsche

BANGLADESH 2020
A Long-run Perspective Study
Publisher: University Press Ltd

This study presents a vision of Bangladesh in the year 2020. In articulating that vision, the authors—all Bangladeshi scholars—have chosen the path of 'cautious optimism' by recognizing the enormous potentials on which to build a prosperous future, but warning that unless Bangladesh is fully prepared to face the challenges of a highly competitive world of the 21st century, accelerated growth and poverty alleviation could remain a dream.
