Dhaka condemns killing of nine Iranian diplomats

Bangladesh government yesterday strongly condemned the killing of nine Iranian diplomats at Mazaf-e-Sharif in Afghanistan recently, reports BSS.

The government also expressed its deepest condolences to the brotherly government and the people of the Islamic Republic of Iran, particularly to the bereaved families, a spokesman of the Ministry of Foreign Affairs said.

The spokesman said diplomats all over the world enjoy certain immunities, privileges, protection and safety under international laws for proper discharge of their duties and responsibilities. In the case of these Iranian diplomats, most serious form of violation has occurred, he added.

Exhibition on students' movement begins today

By DU Correspondent

A day-long photo, posters and document exhibition on students' movement will be held at the DUCSU cafeteria of Dhaka University today.

The programme, arranged by 'Shuchana' and 'Anneshaan', also includes a discussion meeting on the history of students' movement of Bangladesh at 5.30 pm.

Post-flood rehabilitation programme Tk 3270 cr agri loan to be provided for farmers

Food and Agriculture Minister Begum Motia Chowdhury yesterday said that adequate measures are being taken to recover the losses in the agricultural sector caused by the devastating floods.

Talking to BSS, the minister said considering the commitments, and responses from the donors, the government's massive post-flood rehabilitation programme and courage and fortitude of the people in facing the calamity. "We are sure to overcome the crisis."

She said the government has already decided to launch a massive post-flood agricultural rehabilitation programme under which Taka 3270 crore agricultural loan would be provided for the farmers.

"We are planning to give the loan on easy terms so that they could cultivate boro, wheat and maize immediately after the recession of flood waters and recoup the loss of aas and aman crops in the current deluge," she said.

According to the preliminary estimates, the floods have damaged over 2 million tonnes of aas and aman crops. However, she said, the quantum of loss may increase further after the completion of assessment in this regard. "We will be able to assess the exact extent of damage in the floods by the end of September."

The minister said, so far Taka 21 crore worth of assistance in the form of cash and agricultural inputs has been given to the flood-hit farmers.

Also the government would try to distribute seeds of vegetables, wheat and maize free of cost among the poor and marginal farmers.

She said the government had taken some administrative measures to help rehabilitate the farmers.

Elaborating the measures, the minister said the government had withdrawn duty on import of power tiller, considering the loss of livestock in the devastating floods.

A media campaign has also been launched to educate the farmers about the post-flood cultivation, she said, adding that Taka one lakh for 14 worst affected districts each is also being provided for cultivation of rabi crops.

Motia said there will be no scope for politicisation in the rehabilitation programme as the government has formed a rehabilitation committee comprising ministers, people's representatives and ADAB representatives to bring transparency in its activities.

The minister said there is no possibility of food scarcity after the recession of flood water as

the government has taken adequate measures to face the situation.

She said the country has 6.84 lakh metric tons of food stock and it would import another six lakh metric tons of rice and four lakh metric tons of wheat.

The minister said the private sector is expected to import 20 lakh metric tons of rice. The importers had opened LCs worth over 1000 crore Taka for importing rice.

Motia said the donors including WFP, USA, EC and the UK had, so far, committed to provide 10 lakh metric tons of foodgrains.

To keep transparency and accountability in the distribution system, rice would be distributed through specific programmes, including VGF (vulnerable group feeding), VGD (vulnerable group development) cards and food for work, she said. Under the VGF programme, 25 lakh families would be given 16 kgs of rice per month which will continue up to November.

The minister hoped that the programme would particularly help the flood-hit children and women. At present, the air-dropping of food in the flood-hit remote areas is going on to save the marooned people, she added.

Deputy Minister for Food Dhirendra Debnath Shambhu was present during the interview. He said following the instruction of Prime Minister Sheikh Hasina, the present government was distributing food and other relief goods considering the extent of damage and not on the basis of any party affiliation.

Shambhu, who is also the chairman of the committee constituted to ensure smooth handling of foodgrains at the port, said if needed, the food which is reaching the port would be distributed across the country with the help of navy and army.

What's on today . . .
