Govt formulating law to ensure rights of the disabled

World White Cane Safety Day observed

The government is formulating a law for ensuring the rights of the disabled, the draft of which will be placed at the cab-

inet soon, reports APB. State Minister for Social Welfare, Women and Children Affairs Dr Mozammel Hossain informed this while addressing as chief guest a discussion on the occasion of World White Cane Safety Day at the auditorium of SCÉMRB in the city yesterday.

The passage of the law will help establish the equal rights of the disabled in the society, he said adding "It's the moral responsibility of the government to ensure the rights and welfare of all the citizens including the disabled".

Dr Hossain said all Welfareoriented countries take special care of the blind, disabled and mentally-retarded people and provide them with necessary means so that they can live a decent life. He said that a staggering 1.20

crore people, or 10 per cent of the country's population are disabled and a portion of them are visually handicapped.
