### Kawachi detergent factory opens Investors urged to set up industries in rural areas

MANIKGANJ, Dec 8: Prime Minister Sheikh Hasina today called upon the local and foreign investors to set up industries in the rural areas for balanced development of the country, report agencies.

Do not locate your industries in the cities or suburbs only, build those in the rural areas and become a part of balanced development and progress," she said.

Inaugurating Kawachi Detergent and Chemical Industry here today, she said the government is giving protection to local industries producing essential items besides encouraging the export-led industries.

"We want to reduce our dependence on import on one hand and increase the export of industrial goods on the other," she added.

The government has given importance on the private sector for the industrial growth, which she said, "will help increase the purchasing power of the rural people."

The Kawachi Detergent, which was set up with an investment of Tk 15 crore, will produce 12,000 metric tons of detergent every year.

An Italian firm, Ballestra SPA supplied the machinery of the industry set up at Jaiger in the district, 60 km from the capital.

Now the demand of detergent in the country is over 90,000 MT. It will be more than 100,000 MT by the year 2000, while the country is now producing 50,000 MT of detergent every year.

State Minister for Land Al-Jah Rashed Mosharruf, FBCCI president Abdul Awal Mintoo, Italian Ambassador in Dhaka Dr Rafael Miniero, Engineer of Ballestra Jordano and Chairman of the Kawachi Detergent and Chemical Industry A T M Wazulullah also spoke on the occasion.

FBCCI president Abdul Awal Mintoo said that in the interest of trade and business none should use hartal for gaining political interest.

The country loses Tk 100 crore for a day's hartal, and of the amount, private sector has to bear the burden of Tk 25 crore, he said.
