Global video confce at UN Mar 8

A global video conference titled "A World Free of Violence against Women" will be held at the United Nations on March 8 to mark the International Women's Day, reports BSS.

The United Nations Development Fund for Women (UNIFEM) will organise the global video conference, a message from Bangladesh Permanent Mission to the UN in New York said. It will connect five regions of the world with UN headquarters to discuss issues of gender-based violence and women's human rights.

Prime Minister Sheikh Hasina has been invited by the UNIFEM to present a video message at the global conference on behalf of SAARC region in view of her commitment and contribution to the issues. The organisers acknowledge that Bangladesh has been one of the prime promoters of the resolution at the SAARC Summit in Male last year on trafficking in women and children that resulted in the adoption of a regional convention on the subject.

The message said Prime Minister Sheikh Hasina's statement is to be incorporated in a two minute video clip which will be projected at the UN General Assembly Hall and will be simultaneously seen in five regional locations who will participate in the video conference. The Prime Minister's personal initiative on violence against women are noted with great appreciation, the message said.
