## City dwellers face the brunt of hartal Garbage piles up at collection points around the city

Life in some parts of the capital turned unbearable as the City Corporation's garbage clearing vehicles failed to operate for the last two days due to the opposition enforced hartal programme, reports BSS.

The garbage disposal points at each and every locality have become the breeding centres for mosquitoes and the spreading of foul stink is causing serious health hazards to the city dwellers.

The condition has worsened in some areas including Shantinagar, Mohammadpur, Jatrabari, Mirpur and Ram-pura. It created problems for the pedestrians in their movements.

Chief Health Officer (CHO) of the City Corporation Dr Ashraf Uddin said some garbage clearing vehicles tried to work move last night but faced attacks in some areas by the pro-hartal picketers.

He said 208 vehicles of the City Corporation used to collect around 3000 tons of garbage a day. In last two days about 6,000 tons of garbage were piled up at the garbage collecting points, he added.

When contacted, a City Corporation official expressed deep

sorrow for the inconveniences to the public for the corporation's inability to clean the heaps of garbage due to hartal.

Meanwhile, Dhaka City Mayor Mohammad Hanif instructed the concerned officials to take up vigorous programmes to clear up the garbage with the end of hartal and assurance of safe movement of garbage collecting vehicles from today evening.

The official pointed out that the City Corporation authorities had earlier requested the hartal enforcing opposition parties to keep the garbage clearing vehicles free from the purview of hartal. But the oppositions did not respond to the corporation's appeal, he added.
