EUCSU calls for reopening BUET

By Staff Correspondent

The Engineering University Central Students' Union (EUCSU) in a statement yesterday urged the BUET authorities to reopen the university immediately for the sake of smooth academic life of students.

Strongly condemning the attack on residences of BUET teachers, EUCSU vice president Hasib Sayeed Ahmed Chowdhury said the students union has the respect for university rules and regulations and never involved itself in any matter arising out of expulsion of a second year student.

"Actions against the student, Salimullah Dipu, were taken as per university rules and the EUCSU has never issued any statement nor made any appeal to the authorities regarding the expulsion issue," the EUCSU VP said.

BUET was declared closed sine die on April 27 after unruly students resorted to vandalism and swooped on teachers' residential quarters on April 25 and 26.

Fans that understand the difference
between
'3' and '3½'

'0' to '5' means more than 5 speeds on a Singer **Comfort Tec Fan**. Because it has **Electronic Continuous Speed Control (ECSC) technology** which enables you to enjoy the comfort of just the speed YOU want— even if it means somewhere between '0' and '1', '1' and '2', '2' and '3', '3' and '4' and '5'!

Consider this: A speed of '5' may feel a bit too windy on a certain day and '4' a little too warm. With a Singer Comfort Tec Fan, you can adjust to a speed that's anywhere in between!!

So experience optimum fan comfort. Bring home a Singer Comfort Tec Fan.

Available in shades of Cream, Grey, Brown and Blue for Classic, Supreme, Standard and Conve models in 52", 56", 48" and 54" sizes, respectively. The unique Table and Pedestal fans are also available.
