Realisation of savings demanded

By Staff Correspondent

Members of Federal Savings and Cooperative yesterday brought out a procession in the city demanding realisation of their savings allegedly confiscated by Badaruddin Chowdhury, Chairman of the cooperative.

Members of the cooperative urged the administration and members of the law-enforcing agencies to take effective measures to realise the hard-earned savings of thousands of poor people.

But after getting a handsome deposit from its members, he tried to close down the cooperative and started irresponsible behaviour with its members and at one stage shut the office of the cooperative.

Earlier, members of the cooperative submitted a memorandum to the Prime Minister's office to press home their demands.

It may be mentioned that Badaruddin Chowdhury was arrested by Mohammadpur police recently.

It is alleged that Badaruddin embezzled around Tk 70 to 75 crore from members of 394 branches all over the country.

The objective of SDNP, they said, is to facilitate exchange of information and knowledge among the development agents, both in the government and outside, development partners, academia, policymakers and

Certificate distribution ceremony held

Law, Justice & Parliamentary Affairs Minister Abdul Matin Khasru yesterday stressed the need for good education to make the citizens good, reports UNB.

He was distributing certificates among outstanding students of the "Loreto International" school at its premises.

He said, "proper education is the only instrument to foster and develop the latent talent of the children."

The minister said good education could help a citizen to develop human faculties and attain competence to cope with the modern and highly competitive world.

He said keeping this in view, the government had allocated the highest amount of Tk 5,100 crore to the education sector in the current year's budget.

Regretting the overall standard and quality of education of the country, he said, the purpose of education is to acquire knowledge, not to acquire mere certificates.

Matin praised the teachers and students of the "Loreto" an international school of the city affiliated with the Cambridge for maintaining high quality of education and said there was no scope for the students passing out from such institutions to remain aloof in the society.

Show cause notice served on JU student

By JU Correspondent

Jahangirnagar University (JU) authorities have served a showcause notice against a student who is the JU correspondent of the Daily Janata on the ground of damaging the image of the university yesterday.

A notice signed by the university Proctor Dr Abdul Mannan Chowdhury said that a news published in the 'Daily Janata' on June 29, covered by its JU correspondent Sohail Ahsan had seriously damaged the image of the university. The notice also said that it was a clear violation of the Section 15 of 'Student Disciplinary Act' which says that no student should publish or help in publishing any reports which may damage the image of the university or may be considered inimical to the interest of the university.

The particular news contained quotations of anti-VC panel senate members allegations against the Vice Chancellor of nepotism, and misuse of university funds.

The authority has asked Sohail to submit an answer by July 10 as to why the authorities will not take any punitive action against him under Section 5 of the 'Student Disciplinary Act'. The Act says that the authority has the right to take punitive action against a student if he or she does anything that may be considered as opposing to morality or as a social crime according to the law of the country.
