Tk 1cr postal modernisation project for better service

By Mustak Hossain

Bangladesh Postal Service has taken up a Taka one crore modernisation programme for automation and upgradation of the department to offer better postal services to the people of the country.

The department would install computer network for automated transaction of its Postal Savings Service and Postal Life Insurance, sources in the Postal Department said.

"Four General Post Offices (GPOs) and Sylhet Head Post Office would be brought under this programme and work order have been given in this regard," the source said.

Computers have already been installed at the Dhaka GPO as part of the programme.

In its first phase, the programme would facilitate the account holders of postal savings accounts through offering prompt service. It would also help to store signatures in a central database

to check it instantly, which usually takes hours at present.

There are about 25 lakh accounts under postal savings scheme with an amount of Taka 596.23 crore till March this year.

Tender has been floated for computerisation of Postal Life Insurance, he said.

The GPOs are mainly situated in divisional towns. But Barisal, despite being a divisional headquarters, it is yet to have a GPO. The four GPOs are: Dhaka, Chittagong, Rajshahi and Khulna.

In future, computerisation programmes would be introduced in all head post offices in district level in phases, the source said.

Postal Department has a plan to introduce automated letter sorting machine. It has already introduced bar-code in Express Mail Service (EMS).

The post office has a vision to introduce bar-code as a preventive measure to keep track on every registered letters, the source said.

It has also plan to introduce automated multipurpose counters at all big post offices including Dhaka GPO for rendering better services, the source said.
