Exclusive Features of Parlex Doors

Intensely solid, no hollow inside.

Attractive & look much brighter than normal wooden doors.

Guarantee of after-sale technical service for 25 years

Parlex Doors do not get damaged in normal sprinkle or splash of water that is used in a household.

No chance of joint gap or seasonal contraction or expansion that occurs in normal wooden doors

At least cheaper by one third of the price of wooden doors.

And in case of Burma Teak, the Parlex Burma Teak Flush Door is 1/3 rd the price of Wooden Burma Teak Doors.

No extra expense or hassle in finishing.

Parlex Doors are pre-finished, as such, save both time and cost.

Parlex Doors are tough, durable & safe.

Parlex Doors are natural & cause no threat for environment.
