Responsibilities

- Assist DTD in setting up and effectively running the Department.
- Ensure reporting, budgeting and cost control for the Department.
- Manage all project works.
- Ensure development and timely implementation of procedures and routines for the efficient operation of the Technical Network.
- Maintain effective working relationship with the concerned Government Agencies.
- Build and sustain collaborative relationship with other departments of the company.

Education, Experience and Skills required

- A degree in Engineering/Business Administration or in any related subject.
Requirement of educational qualification may, however, be relaxed in case of extensive relevant experience in the field.
- Should ideally be in his late thirties.
- Adequate multidisciplinary managerial experience, also in leading larger technical projects.
- Thorough understanding of the telecom network (GSM, PABX and Transmission).

Regional Manager

Responsibilities

- Manage Regional Center and attached Sub Centers.
- Ensure fault solving and preventive maintenance programme to maintain the defined Service Level.
- Provide support to all the departments of the Technical Division in their activities in the Region.
- Ensure weekly/monthly reporting on all activities, progress and projects to DTD.
- Evaluate network & system performance and ensure documentation.
- Coordinate Regional technical activities with other departments.
- Prepare budget proposals, work out budget forecasts and exercise cost and budgetary control.
- Build effective, result oriented and flexible teams.

Education, Experience and Skills required

- A degree in Engineering
Requirement of educational qualification may, however, be relaxed in case of adequate experience in the field.
- 3 years managerial experience preferably with a large telecom operator.
- Should ideally be in his early thirties.
- Adequate managerial experience of running preferably a Regional operation with responsibility for larger groups.

Health, Safety & Environment Coordinator

Responsibilities

- Coordinate all HSE related activities within Technical Division.
- Inspect work sites regularly and assist managers in implementing HSE policy.
- Stimulate and promote HSE concept in the organization.
- Provide for regular HSE information and develop appropriate training programmes.
- Arrange training programmes for staff at all levels on HSE routines and policy.
- Record and analyze HSE reports and follow up improvements through countrywide contact with medical facilities.

Education, Experience and Skills required

- A University degree in any discipline.
- Adequate experience in HSE field.
- Knowledge of international standards for HSE.
- Field experience of technical operations (telecom, petroleum, civil works etc.).

General requirements for all the positions:

- Result and action oriented
- Willingness to work in teams
- Strong interpersonal skills
- Ability to cope with the demands of the job
- Willingness to delegate
- High degree of ethical business standards
- Clear and fluent style in both written and spoken English

A competitive remuneration package matching the candidate's qualification and experience will be offered.

Only short listed candidates will be contacted.

Any direct or indirect approach to influence the selection procedure will disqualify the candidature.

Applications with detailed Resume and recent passport size colour photograph should be sent by 8th November 1999 to MRK Consultants, Bilquis Tower (3rd floor), 6 Gulshan North C.A., Dhaka - 1212. Tel : 8825100, 8825074 and 9882321, Fax : 8825086, E-mail : mrk@bangla.net

Dhaka calls for nuclear restraint

NEW YORK, Oct 30: Bangladesh today made a fervent call upon nuclear-powered countries for a restrained behaviour on the issue of this dreadful weapons, reports BSS.

Dr Iftekhar A Chowdhury, Ambassador and Permanent Representative of Bangladesh to the Conference on Disarmament (CD), urged "calm and restraint in the nuclear arena upon nuclear-weapon countries."

The Ambassador was speaking in the United Nations First Committee in support of a resolution on elimination of nuclear weapons introduced by Myanmar and cosponsored by among other countries, Bangladesh.

Speaking about Bangladesh's non-proliferation credentials, Ambassador Chowdhury described those as 'impeccable'. He said the aim of general and complete disarmament was incorporated into the constitution of Bangladesh. Bangladesh Ambassador assured the delegates that his country would continue to strive resolutely for peace and stability in South Asian region and in the world.

Industry Standard MCP Training Solutions

Just for You

Training helps students develop and learn the skills they need to their jobs. Experience is required for sharpening and applying those skills. Certification exams provide one way to measure whether students have acquired those essential skills—through experience as well as study. Specific training resources (Microsoft Official Curriculum courses) that help candidates prepare for a certification exam's preparation guide.

MCPs bring the industry standard in testing and certification to an organization, with the potential for increased productivity and support.
