**JU '98-99 1st yr Hons classes may begin in April**

**By JU Correspondent**

First year Honours classes of 1998-99 academic year of Jahangirnagar University (JU) are likely to begin by the first week of April, sources said.  
The central admission committee of the university will hold a meeting on February 5 to finalise the date for start of classes.  
Students of the session have to lose 20 months of their academic life before their classes begin due to unexpected delays to complete the admission procedure and session jams at the university. They were supposed to begin their classes in August '98.  
Since the university is a full-fledged residential one, classes of any new batch cannot be started until the students of the Master Degree final semester batch leave their seats in halls.  
"As the final exams of outgoing master degree students are yet to begin, we cannot start the classes of the new batch," an official said.  
Earlier, the university authorities, at a meeting of the Syndicate, had decided to begin their classes in the second week of February. "But it is now not possible since the master degree examinations will take more time to be complete", a senior teacher said.  
The fresh students have not only fallen victim to the delayed and lengthy admission procedure of JU, but also to the admission fee hike resistance movement in September last year which further delayed the admission process by 3 months.

**CU VC asks employees to resume duties**

**From CU Correspondent**  
CHITTAGONG, Jan 29: The Chittagong University (CU) Vice-Chancellor sat in a meeting with Chittagong University Employees' Association (CUEA) and Chittagong University Officers' Association (CUOA) in his office today to discuss immediate reopening of the university.  
VC Professor Abdul Mannan urged the employees to join their respective duties regularly ignoring all kinds of obstruction. He said that to resume the normal activities of the university, the cooperation of all employees is essential. He also assured that security measures will be taken for them.  
Meanwhile, today was the fifteenth day of Shibir enforced indefinite siege programme on the CU campus. Academic activities are disrupted because of the siege but administrative activities are being held partially. More than 60 per cent teachers and employees attended today but no shuttle train or bus plied between campus and the city.  
Islami Chhatra Shibir is enforcing a siege on the campus, to protest the killing of two of its activists in a clash with Bangladesh Chhatra League (BCL) on the campus on December 19 last year.
