### 4 more dramas at Shaheed Minar today

By DU Correspondent

A large number of city dwellers thronged the Central Shaheed Minar yesterday evening where theatre groups from the city and across the country were staging street dramas highlighting the spirit of the Language Movement of 1952.

Bangladesh Group Theatre Federation organised the week-long Street Drama Festival at the Shaheed Minar in observance of the Amar Ekushey February.

Three dramas were staged on the third day yesterday. Malancha of Bhola district staged one drama *Chanda Mia* while Ganachaya and Kheyali of the capital performed *Kashat Khana* and *Kadamitair Army Camp*, respectively.

Four more dramas will be staged today. The dramas will be performed by Udiehi and Dhaka Nattam of Dhaka and Samikaran and Chittagong of Chittagong district.

Meanwhile, the owners of bookstalls at the Bangla Academy were seen working round the clock to complete their stalls before the month-long traditional fair beginning on Sunday.

The decoration drive by the Academy authorities was also going on to hold the fair in colourful and festive manner.

### Notice

Due to unavoidable reasons, we have been forced to truncate this issue of The Daily Star on Friday to 16 pages. We regret the inconvenience this might cause to our valued readers. With the regular Weekend Magazine, the price of today's issue will be Tk. 9.00.

## EC proposes zero-tariff access for LDCs

### Hasina seeks continued preferential facilities in EU markets

BRUSSELS, Feb 3: European Commission President Prof Romano Prodi said the EC had put forward a proposal for unilateral opening of EU markets to LDC products granting them zero-tariff access that the least-developed countries are earnestly seeking, reports UNB.

"I am confident that the role of the Commission will be favourable to the least-developed countries, trade," he told journalists after a meeting with Prime Minister Sheikh Hasina at the EC headquarters here today.

Romano Prodi, billed the relationship of the European Commission with Bangladesh as very beautiful and deep. "Our meeting is the deep examination of all the relationships with Bangladesh," he said after the talks.

The EC chief noted that European Union is the biggest importer from Bangladesh. "We have developed good relations and have discussion on deepening our relations in market and trade," he said, adding that they are making policies to open up newer and more important ways to facilitate the LDCs.

He said the growing relations would be deepened with Bangladesh in future. This is the beginning to the journey and engagement to work together and increasing investments. He hoped that they would meet soon again.

Noting that long-term engagement is the policy of the European Commission Prof Prodi said they attached greater importance to the developing

countries as the EU is the largest importer from the LDCs.

Prime Minister Sheikh Hasina said trade flow between Bangladesh and European Union countries was growing satisfactorily and sought continued preferential trade facilities in EU markets.

"It is vital that the European Union countries continue to extend to or products preferential market access, including GSP, until such time as we are able to participate in the world trade more effectively," she said.

She told Prodi that Bangladesh would appreciate the EU for its continued development assistance to Bangladesh as Dhaka enjoys best of relations with the EU.

"We have attached great importance to our relations with EU which is our largest export destination and biggest development partner in terms of total assistance that we receive from EU member states and the EU itself as an entity."

The Prime Minister said Bangladesh would appreciate cooperation, assistance and understanding that it has always been receiving from the EU. "Indeed, the EU can and is making invaluable contribution to our quest for economic development."

She said the present government was relying more on trade as an engine of growth and had succeeded in increasing exports very significantly during last few years.

"The GSP and other preferential market access facilities

provided to our products by EU have largely contributed to this success," Hasina said and thanked EU for extending support during the last devastating floods.

Replying to a question about child labour the EC president said his Commission was giving protection to the children and trying to ensure a better living for the children working in different places.

About this issue, the Bangladesh Prime Minister said her government had totally eliminated child labour from the garment factories. "We have stopped child labour and taken pragmatic steps for ensuring a better life for the children. Now the children, who were working in garment factories, are going to school."

Briefing the newsmen about the outcome of the meeting Principal Secretary to the Prime Minister Dr S A Samad said all issues between Bangladesh and the European Union were discussed in the meeting, including trade and aid from the EU nations.

The EC leader appreciated Bangladesh for the liberalisation of policy by the Sheikh Hasina government.

Dr Samad said Prodi observed that Bangladesh was following the right track taking correct steps and predicted that the country would soon reach high growth-rate position.

State Minister for Foreign Affairs Abul Hasan Chowdhury and Foreign Secretary C M Shahi Sami were present in the meeting.

### 'Police waiting to handover BNP office'

By Staff Correspondent

Police is waiting in front of the BNP headquarters at Naya Paltan since 5:00 pm Thursday to hand over charge of the offices, the DMP Commissioner Matur Rahman told The Daily Star last night.

Rahman said this denying claims by some BNP leaders that the keys were handed over to the owner of a paan shop near the BNP office at Paltan.

Police earlier took over the office breaking it open for investigation of an incident of bomb blast inside the office early Wednesday. Movement of people across the road during the day was also restricted for the sake of investigation and safety of the people, he said.

"It is obvious and clear that bomb makers got it done. The symptoms reflect that the bomb got off inside the building and it was not thrown from outside," Rahman observed.

The windows would not have fallen outside the building had the bomb been thrown from outside, he said.

"The building is never kept under police vigilance except during hartals when people from the building get involved in illegal activities," the commissioner said in reply to a question.

In the past many police personnel were injured by bombs thrown from this particular building.

People committed this nuisance from inside a room of the building, the Commissioner claimed.

## Access denied

Police cordon off BNP central office

By Staff Correspondent

Police banned entry of BNP MPs, leaders and activists into their party central office at Naya Paltan in the city till yesterday evening and kept the area cordoned for about three hours from 2 pm.

At about 11 am, police fired two rounds of tear shells and charged batons when a procession of JASAS, BNP's cultural front, came in front of the party office and tried to hold a rally. At least a dozen party activists were injured.

Police also obstructed passers-by from crossing Naya Paltan road.

Police did not allow BNP activists to assemble in front of the "sealed" party office from early morning till 10:15 am.

BNP MP Jaijal Abedin Faruq, who came in front of the party office at 10:10 am asked the policemen to leave the place and allow party men to enter the office.

OC of Motijheel thana AKM Mohsinuzzaman appeared at the scene and told Faruq that there were instructions from the higher authorities not to allow any body in the area and into the BNP office.

Faruq asked the OC to show the written instruction, but the OC said there was no written order.

Within few minutes, some more BNP MPs including Sadek Hossain Khoka, Amanullah Aman, Nazimuddin Alam, Shamsul Alam Pramanik, Fazlur Rahman Patal, Ruhul Qudus, Talukder Dulu, Ehsanul

Haq Milon along with other leaders came there one after another.

At about 10:35 am, JASAS leader Washimul Bari Rajib reached there and prepared for holding a rally in presence of the MPs and leaders. But police foiled the attempt with tear gas shells and batons. The MPs and other party leaders strongly protested the police action.

After that, another procession led by Abdul Matin Chowdhury and Shahjahan Siraj came in front of the BNP office at 11-10 am. A big procession was brought out, which paraded up to Bijoygarh where it was obstructed by police with a barbed wire barricade. The processionists returned to the party office premises at 11:35 am and held a brief rally there. Some party MPs and central leaders addressed the rally.

Another processions was brought out from in front of the party office at about 1:30 pm. The procession went up to Bijoygarh. As it started returning to the BNP office premises at about 2 pm, it was obstructed at the Nightingale crossing by a huge contingent of police who also put up a barbed wire barricade there.

ADC of DMP ZA Morshed and the OC of Motijheel thana told the BNP MPs and leaders that there were instruction from higher authorities not to allow them back on the Naya Paltan road.

## Hartal ends

Last 12 hours pass rather peacefully

By Staff Correspondent

At least 10 people including three policemen were injured in sporadic incidents of violence in the city on the second day yesterday of the Opposition-called 36-hour countrywide hartal, which was by and large peaceful.

The hartal that began at 6 am on Wednesday paralysed normal life, economic activities and halted traffic across the country.

No incident of violence was reported from other parts of the country till the filing of this report at 10 last night.

One person was killed in the city and at least 50 were injured in the country on the first day of the hartal.

The BNP-led four-party opposition alliance called the hartal to press its demand for scrapping of the Public Safety Act.

In the capital, three police personnel were injured yesterday when some hand bombs were hurled at police near the Jagannath University College at about noon, witnesses said.

The three -- Abdur Razzak, Jewel Sarker and Soheeb Hossain -- were admitted to Rajarbagh Police Hospital, police said.

Opposition activists and police clashed repeatedly in Bijoygarh and Dholaipara areas. At least two persons were injured in clashes at Dholaipara. One activist was arrested from there.

Police fired a number of tear gas shells as pro-hartal pickets exploded bombs and pelted stones at police in Naya Paltan, Bijoygarh and Dholaipara areas.

## Opposition's demonstration day tomorrow

By Staff Correspondent

The BNP-led opposition alliance will observe countrywide demonstration day tomorrow to protest what it said government's "bomb attack on BNP central office in the city and 'sealing' of the office by police."

The alliance will bring out a combined procession of opposition MPs and professionals and intellectuals in the city at 3 pm on Monday to protest enactment of the 'anti-people and black' Public Safety Act. Other component parties of the alliance are Jamaat-e-Islami, Jatiya Party (Ershad) and Islami Oikya Jote (IJO).

Details of Monday's programme will be announced later. BNP Secretary General Abdul Mannan Bhuiyan said while announcing the fresh programmes at a post-hartal press briefing at the official residence of Leader of the Opposition in Parliament Khaleda Zia.

Tougher programmes will be announced during Monday's programme if the government does not withdraw the 'black law' and hand over power to a caretaker administration, he said.

Mannan said police arrested BNP office superintendent Abdul Latif, 76, on Wednesday when he and party leader Mahabuddin Khokon went to file a GD in connection with the bomb explosion at the BNP central office. Police also arrested 'innocent' BNP office staff like typists and peons, he said.

## BRTA in testing trouble

New machines too sophisticated for Bangladesh standard?

By Morshed Ali Khan

Bangladesh Road Transport Authority (BRTA) officials are now puzzled with the installation of modern vehicle fitness testing units as the machines found more than 80 per cent of the vehicles tested unfit to ply.

They are now lingering the process of starting vehicle testing with the computerised machines that cost Tk 44 crore under the Vehicle Inspection Centre Project. The funds have been provided by the Asian Development Bank.

The officials said they are now thinking of working out a standard for Bangladesh by modifying the original programme of the computers, imported from the Netherlands.

The modifications are set to compromise European standard of vehicular fitness in respect of black smoke, brakes, alignment and carriages. The National Road Safety Council is likely to formulate the standard.

All the eight fitness testing machines for three categories of vehicles have already been installed in Dhaka, Rajshahi, Chittagong and Khulna. Each unit of the vehicle inspection centres would test and certify smoke emission, alignment, brakes, opacity, headlights, above carriage and under carriage. The machines are not equipped to check tyres.

A BRTA official said setting

up of the centres was completed in June last year but they were not yet satisfied with the results. He said whenever the same vehicle is passed through the test for the second time, the readings are different from that of the first test.

"The company which provided us with the machines has to satisfy our operators first as regards their operation," he said.

BRTA officials said they tested 35 vehicles with the machines and only six passed the tests. Fitness certificates are now issued after a quick manual inspection of vehicles. It is alleged that fitness certificates
