

7712 students to vie for 531 seats in KU

KHULNA, Mar 2: Fourteen students will compete for a single seat in Khulna University the test for which begins tomorrow, reports UNB. Campus sources said 7712 students will sit for the admission test in 5 faculties of the university for 531 seats. The admission test takes place over four days.

On the inaugural day, 2012 students, having a minimum of 695 marks in the HSC examination will sit for 181 seats in 5 discipline of Science Engineering and Technology Science.

DCC Mayor Mohammad Hanif inaugurated a newly-constructed foot bridge at Ramna yesterday. —Star photo

Hanif opens Ramna foot bridge

Mayor of Dhaka Mohammad Hanif yesterday inaugurated the most modern Ramna foot-bridge connecting the Suhrawardi Uddayan with the Ramna Park, reports BSS.

The 115-feet long bridge in front of the Institution of Engineers in the city was constructed in a year at a cost of Taka 1.15 crore. Inaugurating the bridge, Hanif said the most modern bridge was built as part of enhancing beauty of the capital and removing traffic jam.

He said the city corporation has taken up different such projects for rendering services to the people of the metropolis.

Listing different people welfare-oriented programmes to meet the basic needs of the citizens taken by the government, the mayor called upon all to maintain social stability in the city.

DCC ward commissioners, chief executive of the corporation Rashidul Alam and other high officials attended the function.

Scores of patients being turned away each day

Crisis of radioisotopes in the country

A crisis of radioisotopes is depriving treatment to scores of critical patients in the country, reports UNB.

Radioisotopes are used for the treatment of cancer, brain tumour, kidney and liver diseases, but its import and supply remains stalled since last December.

Institute of Nuclear Medicine (INM) of Bangabandhu Post Graduate Medical University Hospital, Dhaka Medical College Hospital and Mitford Hospital provide this specialised treatment, but non-availability of radioisotopes at present means treatment of these diseases have also been stopped.

Director of INM at PG Hospital Dr M A Karim admitted that they have nothing to do as supply of radioisotopes has remained suspended for several weeks now.

At least 75 patients are turned away from INM alone

everyday. Dr Fouzia Karim of INM said many patients are being forced to go abroad for treatment due to the lack of radioisotopes here.

Sources say Bangladesh Atomic Energy Commission (BAEC) imports radioisotope through tenders every financial year. This was not done due to shortage of funds. At least taka three crore is needed for import of the required quantum of radioisotope, but the annual allocation for it is little over taka one crore.
