68 more double-deckers join BRTC fleet today

Another 68 double-deckers join the state-run BRTC's fleet today as part of the government's bid to facilitate the movement of city commuters, reports UNB.

Officials at Bangladesh Road Transport Corporation (BRTC) said the two-storied buses of Ashok Leyland have been bought at a cost of 18.5 crore rupees under state credit provided by the Indian government. Of the new 68 double-deckers, 55 have already arrived at the BRTC terminal at city's Kamalapur area while the rest 13 were expected to reach last night. The BRTC officials said it has now 42 double-deckers with 40 plying in the capital while two in northern Rajshahi. These buses had been bought at 14 crore rupees, also with credit from the Indian government. They said a process is also underway to bring 110 more double-deckers shortly. Of them, 60 will be bought from the Indian Ashok Leyland while the rest 50 from Volvo with credit from Swedish gov-

ernment. BRTC Chairman Azmal Chowdhury said that adding more and more double-deckers to the BRTC's fleet would help make the movement of city commuters much easier. At present, 60 per cent of city dwellers in the capital move on foot while nine per cent use buses. The city residents are willing to commute by bus, but they can't do it due to lack of buses.

"These double-deckers will be able to ensure much easier journey for the commuters in addition to contributing to easing traffic congestion, a common phenomenon of the capital," the BRTC Chairman said. Finance Minister Shah AMS Kibria will inaugurate the new 68 double-deckers at a function in the city today. Communications Minister Anwar Hossain Manju will also be present. The BRTC authorities could not yet finalise how many buses of the new fleet will be plying in Dhaka and how many outside the capital. But it's clear that most of the double-deckers will be seen plying on city streets.

The state-run corporation at present runs 90 per cent of its vehicles under a leasing-out system. Unemployed but enthusiastic youths are given the buses and they pay for it in in-

stallments. Many city dwellers said BRTC has now become more popular for its systematic movement of buses. But there is an allegation that ruling party supporters get priority in taking lease of the buses.
