

# Khasru calls for greater unity to contain crimes

Law, Justice and Parliamentary Affairs Minister Abdul Matin Khasru yesterday called for greater unity to curb crimes, reports BSS.

The present government has identified crime as the most heinous act of society," he said while addressing a seminar on "Crime and Justice: Meeting the Challenges of the Twenty-first Century" at CIRDAP auditorium.

Presided over by Justice K M Sobhan, the seminar was addressed, among others, by former Law Secretary Mirza Asaduzzaman Al-Farukh, Inspector General of Police (IGP) A Y B I Siddiqi, President of Bangladesh Crime Reporters Association Farveq Khan, K M Haq Khairat and Kazi Ali Reza.

Development of Human Rights in Bangladesh (IDHRB) and Bangladesh Crime Reporters Association organised the seminar in observance of the tenth United Nations Congress on the Prevention of Crime and Treatment of the Offenders held in Vienna from April 10 to 17.

The minister said the terrorists received patronage from the ruling parties during the last 21 years. A vested quarter had used the criminals in their interest during the period, he added.

He said the criminals in our country are not afraid of law as they know that they can escape punishment by any means.

He said the criminals are the enemy of society, law and human rights and they should not be spared.

"Our prime minister has declared that the criminals have no political identity and they

must be dealt with iron hand," the minister said.

Khasru said crime has been institutionalised in society due to lack of commitment and irresponsibility of the politicians. The god fathers are committing heinous crimes in their respective areas by giving political shelter to the criminals, he said.

The minister said police alone is not responsible for containing crimes. All conscious people including politicians, journalists and lawyers will have to play a role in this regard, he added.

He laid emphasis on maximum involvement of the civil society in containing crimes. He urged the journalists to publish the photographs of the criminals instead of the victims.
