Nasim urges Lions Clubs

Help eliminate terrorism

Home and Telecommunication Minister Mohammad Nasim yesterday asked the members of Lions Clubs to help eliminate perils of terrorism and drug from society, reports BSS.

He lauded the Lions' movement for its contribution to the country's socio-economic development and services to the humanity in distress. He urged them to intensify public opinion against terrorism and supplement the government efforts to root out the menace.

Nasim was addressing the inaugural session of the fourth Annual District Convention-2000 of Lions Clubs International District 315 B 3, Bangladesh as the chief guest at Pan Pacific Sonargaon Hotel.

He said elimination of chronic terrorism in the country's south-western region and illegal toll collection from the highways could be effectively checked as the government's determination was backed by people's support.

The home minister said the government brought about peace and tranquillity in south-western districts within a few months what could not be done in 15 years. At the same time the extortion on highways could be stopped through a three-day notice to the law enforcing agencies. Both the successes came due to firm deci-

sions of Prime Minister Sheikh Hasina, he said.

He said the terrorism and crime in Dhaka city can be stopped if the city dwellers extend whole-hearted support to the law enforcing agencies. He said an organised group in the transport sector has been trying to exert pressure on the government to bow down to their illegal demands at the cost of people's sufferings.

Nasim urged people to prepare for forceful transport strikes. It may cause sufferings for the time being to people, but if not heeded seriously, the strike callers will be demoralised, he said.

The minister said a nation which had defeated the colonial and autocratic forces and achieved independence at the cost of blood shall win the battle against the curse of illiteracy, poverty, prejudice drug and terrorism.

Nasim said no government alone can bring about development and progress for people unless the rich and genius persons of society join their hands in the government efforts.

He said Bangladesh is not a poor nation. Despite having huge natural resources and hardworking manpower, it had been forced to remain poor for decades due to lack of proper planning and guidance.
