Roche

Biotech Product Officer

Innovation has always been the hallmark of Roche since its inception a little over one hundred years ago. Today the Roche name is associated with ground-breaking contributions in different therapeutic areas like CNS, cardiovascular, oncology, virology including AIDS and organ transplantation. Pioneering role in biotechnology has provided us with a firm foundation for the future.

Roche Bangladesh Limited is actively involved in efforts to bring the next generation of cancer treatments, effective drugs to protect the transplanted organ and newer innovation against viral hepatitis and AIDS in Bangladesh.

Roche Bangladesh Limited offers a position of Biotech Product Officer to support the marketing activities in the field of Virology, Oncology & Organ transplantation. The incumbent will be responsible for designing the marketing plan and contributing to the continued growth of the company. The incumbent should be a Master of Pharmacy and at his/her late twenties with strong communication skills in both Bangla and English. Post-graduation from a business school will be an added advantage.

The interested persons who meet the above criteria may apply with the bio-data and a recent passport size photograph on or before 10th June 2000, to the following address:
