Weird Web WEEKLY

By the \$al-Man

Hey y'all...I'm sorta back at assembly again...but 32bit this time...with the modern assemblers, it's almost as simple as high level API programming (not that that itself is a piece of cake...)...but writing a windows application in assembly is a whole LOT simpler than I first thought. Don't believe me? Check out Iczellion's cool tutorials at <http://win32asm.cjb.net/>

When you're convinced, get what's probably the best assembler, Hutch's MASM32 (this isn't just a newer version of Microsoft's MASM, it's much more - it actually lets you avoid all that insanity over trying to make decisions using jumps, and lets you concentrate on the program. But the shortcuts it lets you use don't bloat your code in the way that using a high level language would.

In fact, your code size won't increase by even a single byte! You can actually write a program that displays a window without having to write a single line of code yourself, the exe file is just 2.5kb, and completely standalone (well, it needs win9x, nothing else). Compare that to an equivalent 20-80kb exe from VB or VC++ which needs several hundred kb of supporting DLLs. Anyway, you can read about and download MASM32 at www.pbq.com.au/home/hutch/masm.htm (4 megs, but really worth it if you wanna try Win32 assembly. You can also use it to write good old win16 and dos programs!

On the weird web side, checkout the official rules of the battle of the sexes at <http://members.tripod.com/~ExtremeCool47/battlerules.html> - not as funny as you might expect, but still good for a grin. And how could I forget Famous Middle Fingers www.sharelation.com/~middlefinger/famous.htm

Oh, yeah, people, if you write to me, PLEASE, PLEASE don't call me "bhai" or "bhaiya"...feel free to insult me, but I'm not your brother.

NO ONE'S FASTER!

Three boys were heading home from school one day when one started the time-honored game of paternal one-upmanship. He said, "My dad's way faster than any of yours. He can throw a 90-mph fast ball from the pitcher's mound and run and catch it just after it crosses the plate!"

One of the other boys said, "Oh yeah? Well, my dad can shoot an arrow from his bow and run to the target and hold it up to make sure the arrow hits the bulls' eye!"

The last boy said, "Your dads don't even come close to being faster than mine. My dad works for the government, and even though he works every day until 4:00 p.m., he gets home at 3:30!"

WITTY MODERN PROVERBS

Age is a very high price to pay for maturity.

Before you criticize someone, walk a mile in his shoes. That way, if he gets angry, he'll be a mile away--and barefoot.

A clear conscience is usually the sign of a bad memory.

My idea of housework is to sweep the room with a glance.

For every action, there is an equal and opposite government program.

Men are from earth. Women are from earth. Deal with it.

No husband has ever been shot while doing the dishes.

Ministry of Female Affairs

From Lau Gass

1. This woman came up behind her husband while he was enjoying his morning coffee and slapped him on the back of the head.

"I found a piece of paper in your pant pocket with the name 'Marylou' written on it," she said, furious. "You had better have an explanation."

"Calm down, honey," the man replied. "Remember last week when I was at the dog track? That was the name of the dog I bet on."

The next morning, his wife sneaked up on him and smacked him again.

"What was that for?" he complained.

"Your dog called last night."

2. In the beginning, God created earth and rested. Then God created man and rested. Then God created woman. Since then, neither God nor man has rested.

3. If your dog is barking at the back door and your wife is yelling at the front door, who do you let in first? The Dog of course...at least he'll shut up after you let him in!

4. A man placed some flowers on the grave of his dearly departed mother and started back toward his car when his attention was diverted to another man kneeling at a grave. The man seemed to be praying with profound intensity

and kept repeating, "Why did you have to die? Why did you have to die?"

The first man approached him and said, "Sir, I don't wish to interfere with your private grief, but this demonstration of pain is more than I've ever seen before. For whom do you mourn so deeply? A child? A parent?"

The mourner took a moment to collect himself, then replied, "My wife's first husband."

5. A couple came upon a wishing well. The husband leaned over, made a wish and threw in a penny. The wife decided to make a wish, too. But she leaned over too much, fell into the well, and drowned.

The husband was stunned for a while but then smiled "It really works!"

6. A couple was having a discussion about family finances. Finally the husband exploded, "If it weren't for my money, the house wouldn't be here!"

The wife replied, "My dear, if it weren't for your money, I wouldn't be here."

7. Before marriage, a man yearns for the woman he loves. After marriage, the "y" becomes silent.

8. A little boy asked his father, "Daddy, how

much does it cost to get married?" And the father replied, "I don't know, son, I'm still paying for it."

9. Women are unpredictable. Before marriage, she expects a man, after marriage she suspects him, and after death she respects him.

10. There was this guy who told his woman that he loved her so much that he would go thru' hell for her. They got married - and now he is doing just that.

11. When a man opens the door of his car for his wife, you can be sure of one thing: either the car is new or the wife is...

12. It's easy to tell if a man is married or not... Just watch him drive a car with a woman sitting beside him. If both his hands are on the wheel, you can be sure he is married.

13. A man received a letter from some kidnappers. The letter said, "If you don't promise to send us \$100,000, we promise you we will kidnap your wife."

The poor man wrote back, "I am afraid I can't keep my promise but I hope you will keep yours."

14. "What's the matter, you look depressed."

"I'm having trouble with my wife."

"What happened?"

"She said she wasn't going to speak to me for 30 days."

"But that ought to make you happy."

"It did, but today is the last day..."
