## AMIT NEEDS YOUR HELP

Shaikat Rahman Amit, a 12 year old schoolboy, has been bedridden for the last 11 months, afflicted with the deadly "polio wild virus." That he has been surviving for so long is in itself a miracle and can be attributed solely towards his zest for life and resilient fighting spirit. Now he looks towards us, the 12 crore-strong population of Bangladesh, to help bring a little sunshine into his life. The nerves that control his respiration are completely damaged and he needs an implantable "breathing pacemaker", that costs 76,000 US dollars, to lead a normal productive life. The amount required is no doubt large, but we firmly believe that the hearts of the people of this country are even larger. So, with great hope in our hearts, we place an appeal to all of you, from the individual to all the local, multinational and international organizations, institutions, industries to come forward with your contributions and help save the life of this innocent boy.

*Any contribution should be made to Amit's father:  
Mr. Mashru Rahman, Account #: 11070, Pubali Bank,  
Shahbag Avenue, Dhaka.*
