Guess how secure your investment is with a 750 crore global software company.

Presenting a Software Training Franchise that will give you big safe returns.

There's more money in this offer than you can believe. And imagine. Two reasons: First, IT is probably the one industry where you can procure the safest as well as the maximum returns. With investment ranging from just Rs 8.5 to 27 lakhs. Peanuts, when you consider the kind of returns it can fetch you. Second, you'll be a franchisee for none other than the pioneer and leader of the software revolution in India - a company whose franchisees see nothing but profits. ZAP Infotech.

Welcome to the company that pioneered the revolution of e-commerce education in India. A group boasting of more than 250 centers all over the country. The fastest growing e-solutions company in the country. The first Indian software company to win a multi-million dollar WAP development order.

A group with a strong international presence that includes the US and Australia. And very soon, your partner in profits.

We actually have two franchise options based on the space you have and the money you'd like to invest. You can opt to be a ZAP franchisee. Or, right now, you may want to become a franchisee for ZAP Enhance IT, our software finishing school for IT students.

Further, you have two investment options to choose from. One, be a satellite investor. Just invest and procure healthy guaranteed dividends. Big strategies, administration, promotion, advertising... everything will be taken care of by Zap. And that includes taking out the risks normally involved in

investing as well. Two, if you like to be an entrepreneur and run the show yourself. Invest and take the little efforts required to run the show. Our goodwill will do the rest.

A reassurance that your investment is in the safest of hands. And all you've got to really worry about right now, is the time. It's running out for being a prestigious Zap franchisee.
