

# Launching Of KAI-PMB Facade Technology Ltd.

(Bangladesh-Malaysia Joint Venture Aluminium Fabrication Company)

**Executive Vice-Chairman**  
Press Metal Berhad  
**Chief Executive Officer**  
PMB Facade Technology Ltd.

#### MESSAGE

I feel deeply honoured and privileged to be able to express a few words on the occasion of launching of KAI-PMB Facade Technology Ltd. in this beautiful country of great promise, Bangladesh. Our Press Metal Group of companies started our business ventures in Bangladesh more than 10 years ago. The experience has been very positive. We found the Bangladeshi employees to be excellent workers. They are hardworking and willing to learn.

The setting up of the Joint Venture Company KAI-PMB Facade Technology Ltd marks another milestone in our company's investment in Bangladesh. I would like to express my personal heartfelt gratitude and appreciation to our joint venture partner, KAI Aluminium of Bangladesh for their kind understanding, confidence and support in making our joint venture company a reality.

Bangladesh and Malaysia are similar in many ways. We are both developing countries with the hardworking Asian culture. I hope that this inauguration opens up further avenues for new partnership between the people and business of Bangladesh and Malaysia.

Thank you,

Koon Poh Ming

**MINISTER**  
Ministry of Civil Aviation & Tourism  
&  
Govt. of the People's Republic of  
Bangladesh

#### MESSAGE

I am very happy to learn that the biggest Aluminium Extrusion Company of Malaysia Press Metal Berhad, has decided to launch a Joint Venture Company with one of our leading Aluminium Extrusion Company in Bangladesh by the name Kai Bangladesh Aluminium Ltd.

I am impressed with the profile of Press Metal Berhad and their excellent record of works in the world of Aluminium and related industry in the region of South-East Asia.

I am happy to know that Press Metal Berhad will introduce Design Engineering, Fabrication of Quality Aluminium Curtain Wall, Window Wall, Aluminium Cladding, Composite Panel and Unitised System to the vibrant building industry in Bangladesh.

I am also happy to know that Kai Bangladesh Aluminium Ltd-Press Metal Berhad has already made in roads with some of our leading developers and builders like Concord, Unique & others. Hopefully sky scrapers of Bangladesh will give a marvelous look when these projects are completed.

I wish the Joint-Venture Company every success and pledge to support them in all possible way.

Joi Bangla, Joi Bangabandhu  
May Bangladesh Live Forever

Engineer Mosharraf Hussain

Dhaka

#### MESSAGE

I am glad to know that a Bangladeshi Aluminium Extrusion Company Kai Bangladesh Aluminium Ltd. has joined hands with the largest Malaysian Extrusion Company, Press Metal Berhad to introduce latest designs & technology in Aluminium profile and fabrication. Indeed the collaboration will usher in a new era in this sector.

The open door policy of the present Government under the dynamic leadership of Prime Minister Sheikh Hasina has encouraged many companies from around the world to make direct investment-single or in joint collaboration in various sectors. The opportunities are limitless and the support provided by the government is almost unparalleled. We hope many other companies will continue to come and invest to the mutual benefit of the foreign and the Bangladeshi companies.

We are particularly thankful and happy about the initiatives from Malaysia who are infact the 3rd largest investors in Bangladesh.

I wish the newly formed Joint-Venture Company Kai-PMB Facade Ltd. best of everything.

Joi Bangla, Joi Bangabandhu  
May Bangladesh Live Forever

M. Mokammel Haque

#### MESSAGE

I feel fortunate and honoured to pen few lines on the occasion of launching of KAI-PMB Facade Technology Ltd. PMB who are the largest aluminium extrusion company in Malaysia through their sister concern PMB Facade Technology would like to introduce Design Engineering, Fabrication of Quality Aluminium Curtain Wall, Window Wall, Aluminium Cladding, Composite Panel and Unitised System to the vibrant building industry in Bangladesh. Hopefully the high rises of our metropolis will give a spectacular look on application & implementation of our packages and products. We feel proud to become partners of PMB in Bangladesh. On this auspicious occasion, on behalf of the management of the KAI-PMB Facade Technology Ltd. I would like to express our deepest gratitude to the Ministers for their messages of felicitations.

May I also take this opportunity to convey our gratitude to all our well wishers, Ministries, BOI, Bankers, Insurers and many others who have extended the hands of cooperation on the birth of the Joint Venture. I would also like to register our special appreciation for our partners from Pakistan, Khas Aluminium (Pvt) Ltd for their support from the very beginning to forge the new collaboration with Press Metal Berhad of Malaysia.

May we pledge to do our best and contribute to the economy of Bangladesh. Kindly bless us to attain our objectives.

May Bangladesh Live Forever

Shabbir Ahmed Agha

## KAI BANGLADESH ALUMINIUM LTD.

Kai Bangladesh Aluminium Ltd is a Jt-Venture Aluminium Extrusion Company established in the year 1997. We extrude high quality Aluminium profile & sections through our State of the Art extrusion plant situated in Tongi Industrial Area. Ours is a import substitute

industry & we are meeting the local requirement of aluminium profiles & sections (doors, windows, pipes, hardware items) to a large extent. Our products have not only created a market in Bangladesh, we are now receiving export enquiries for Nepal, Oman, Pakistan, Middle East and Europe. Excellent quality but affordable and high customer's satisfactions are our prime objectives.

Our stringent on-line quality control system is supported by research center in the U.S., Germany & Singapore and linked to a worldwide network of

experienced technical expert. We ensure billet of the highest quality (ISO 9002 certified Billet AA 6063 grade). Our Anodizing plant consists of latest German technology that gives us precise micron & uniform color minimum life of over 100 years. We also produce powder-coated section of various colours.

We feel fortunate and happy to enter into another collaboration with a highly reputed Extrusion Company of South East Asia namely Press Metal Berhad of Malaysia to introduce spectacular designs in aluminum cladding, curtain wall and fabrications to the vibrant building industry of Bangladesh. This collaboration will equip us to keep pace with newer technology and challenges with the advent of the new Millennium.

## PRESS METAL BERHAD FACADE TECHNOLOGY SDN BHD

Press Metal Berhad Facade Technology Sdn Berhad is a subsidiary company of Press Metal Berhad, Malaysia. PMB is the largest and fully integrated Aluminium extruder and the first aluminium extruder in Malaysia to be accredited with the internationally recognized MS ISO 9002 and ISO 1401 certification.

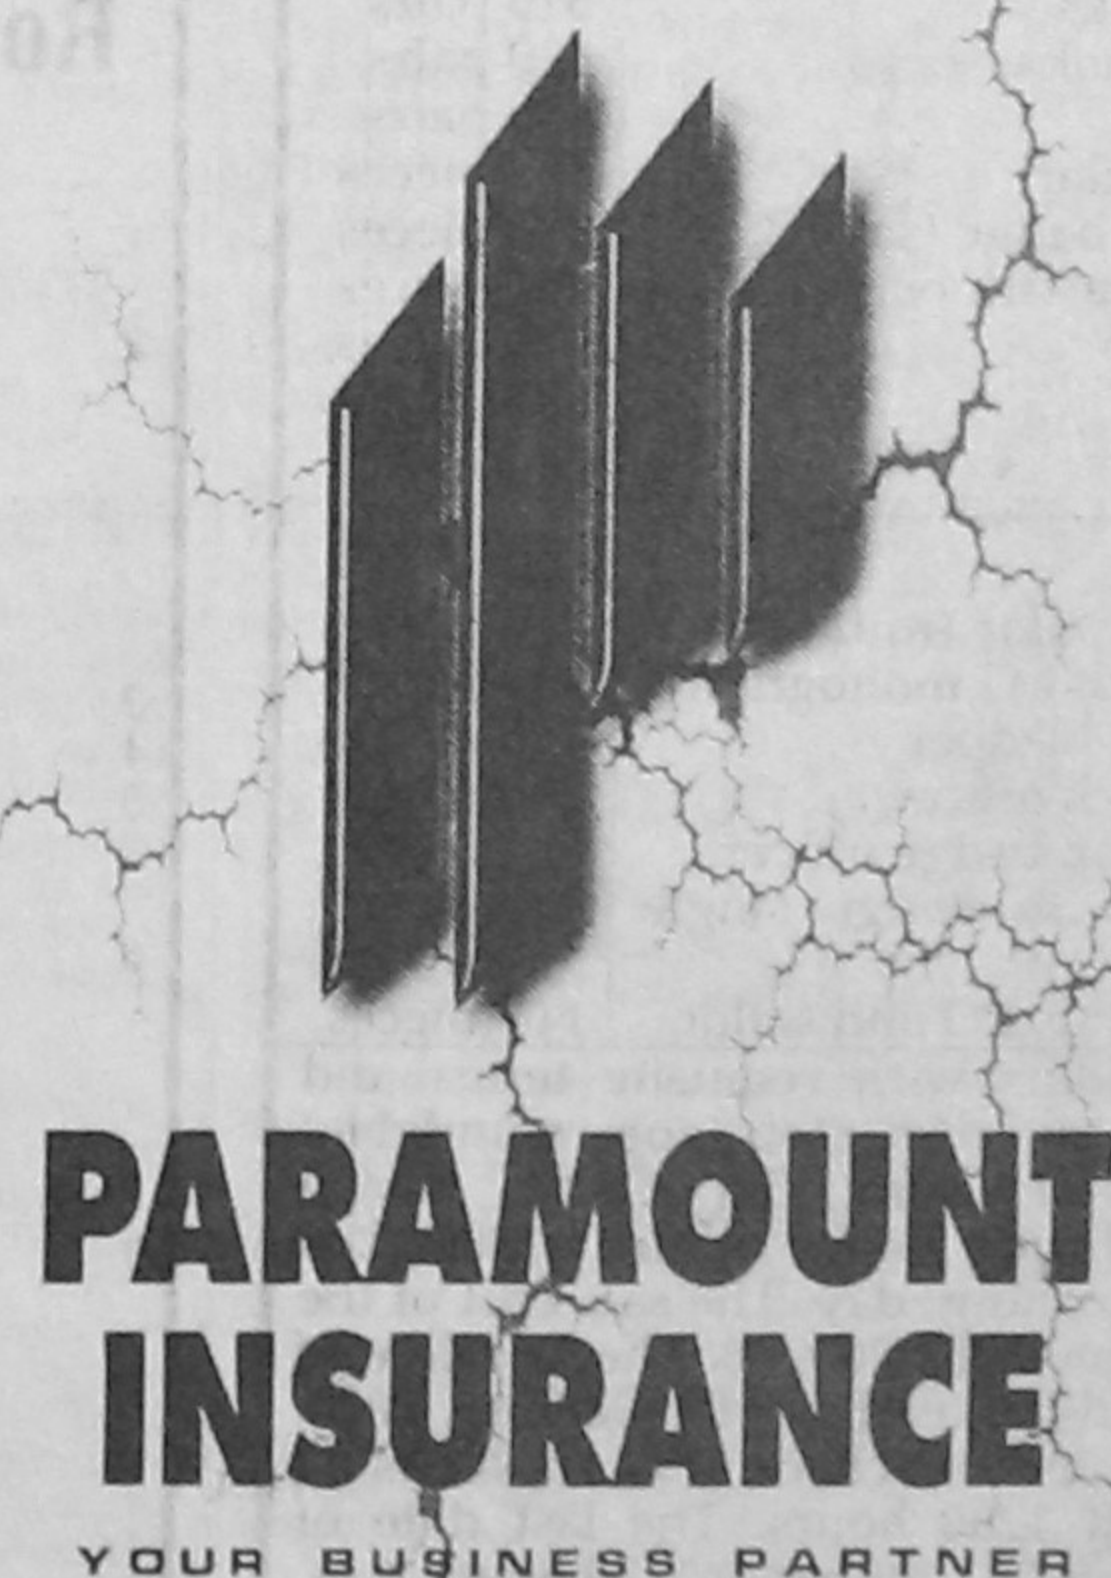

Since its inception, Press Metal Berhad Facade Technology has established itself as a reliable and responsible Curtain Wall and Cladding specialist. With a covered factory of 90,000 square feet Press Metal Berhad Facade is well equipped with high precision machineries manufactured in Germany.

Press Metal Berhad Facade Technology is committed to leadership in designing and manufacturing of quality Curtain Wall systems, Architectural Cladding systems as well as high performance Aluminium Windows, Doors and Shop Fronts for both Architects and Curtain Wall fabrications.

Joint-Venture with a formidable partner in Bangladesh namely Kai Bangladesh Aluminium Limited is considered to be a landmark achievement in the mutual interest of both the companies

NO RISK...  
While you GAIN.  
Because your risk is our headache.

*Wishing all the Best*
