

Flood victims pass miserable days

From Abdul Wadood

RAJSHAHI, Sept 30: More than three lakh flood-affected people in the district are passing miserable days, although overall flood situation slightly improved till Friday with the major rivers flowing below danger marks.

Diarrhoea has broken out in the flood-affected areas, claiming at least three lives. On Friday at least 168 patients were admitted to Rajshahi Medical College Hospital and 12 health centres. Scarcity of food and drinking water was also prevailing.

Most of the flood victims have no shelter and medicine. Floodwaters entered all the nine upazilas and six municipalities of the district. According to the District Relief and Rehabilitation Office, about 695 square kilometres area in 62 unions, out of the total 71, have been submerged in floodwaters, affecting some 3.15 lakh people of 63,124 families and damaging standing crops on about 13,500 hectares of lands.

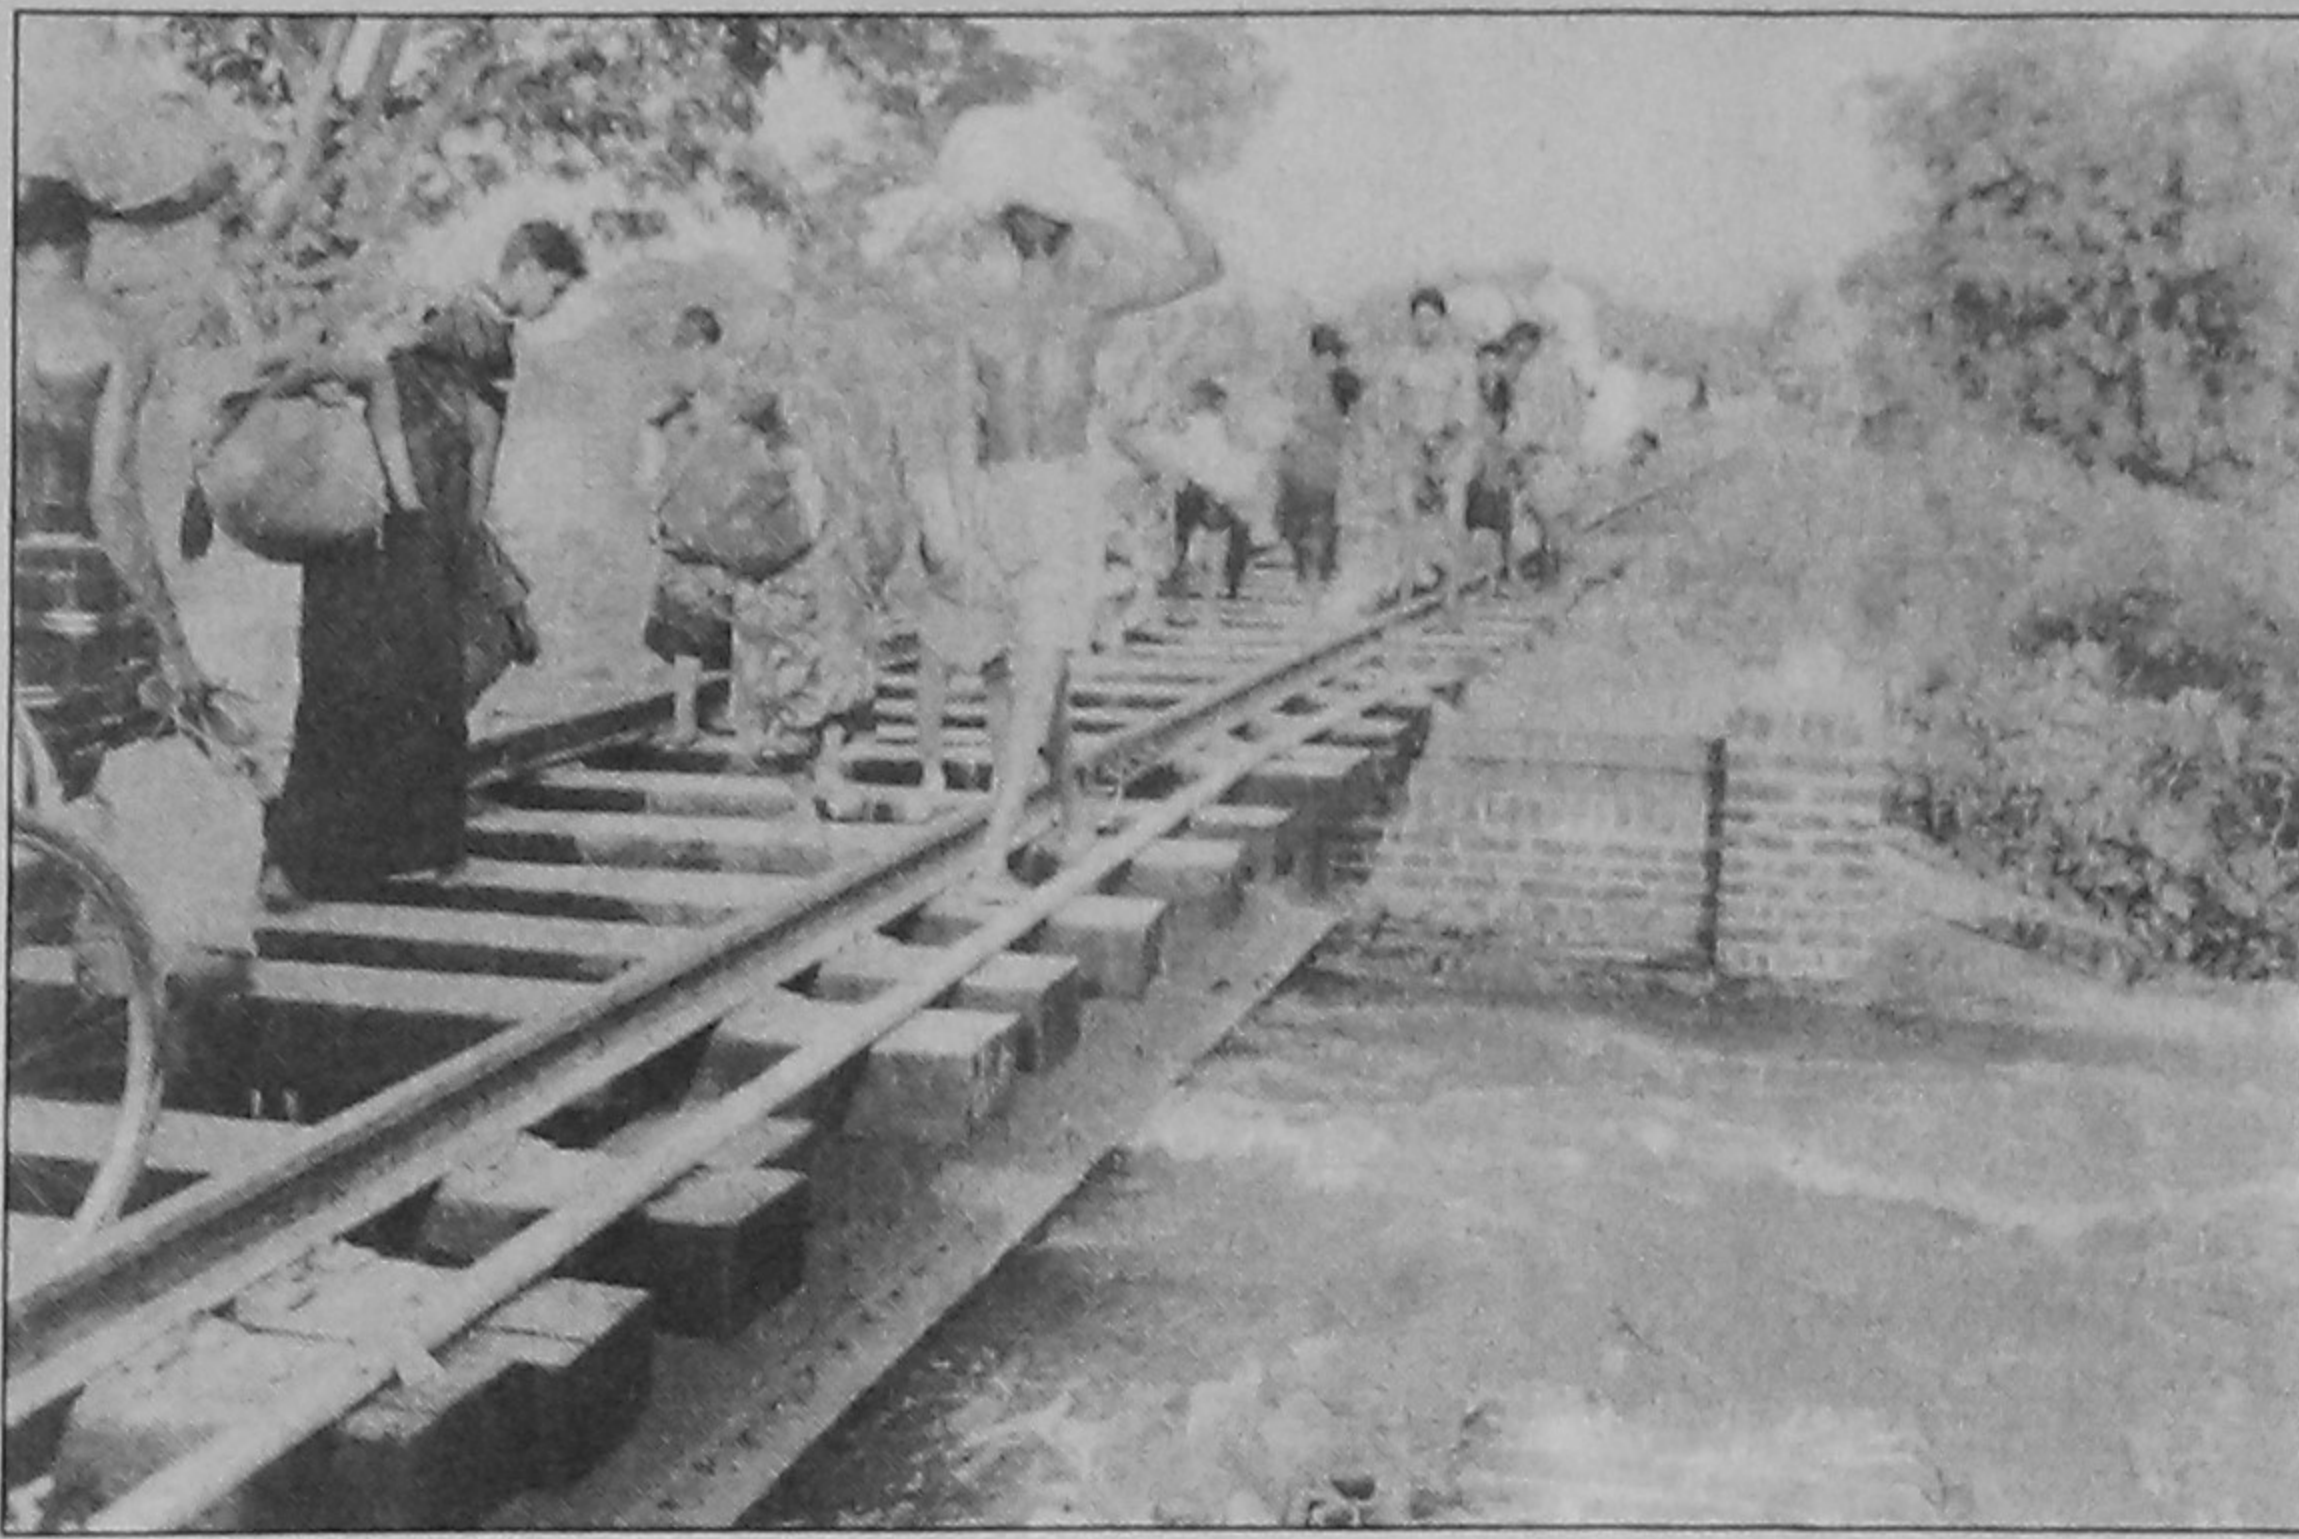

48,90 families have become shelter-less as their houses collapsed. A total of 14,203 houses have been destroyed completely. Kutchha roads in rural areas have been washed away by strong currents. 234-kilometre roads have been damaged completely and 495-kilometre roads, including pucca roads, partially. The flood also destroyed 15 bridges and culverts completely and 41 partially, 12 educational and religious establishments completely and 74 partially.

Paba and Godagari upazilas are worst affected areas. While visiting some areas of the two upazilas on board an engine-boat last week a group of journalists, including this correspondent, saw thousands of marooned people passing hard days. No relief material was supplied to them.

"We are almost fasting for three days," said Sultan Ali of Karnahar Guchchagram in Hujuripara union of Paba upazila. "Nobody is yet come to us with food except this group," he added, referring to a team headed by Jatya Party Rajshahi city unit General Secretary Moshtaque Ahmed Labu. The JP leader had arrived there the same day with 570 kilograms of rice just a few minutes before the group of journalists arrived there.

Several thousand people have taken shelter in Hujuripara High School, Karnahar High School, and Karnahar Madrasah. Some others have somehow stayed in their houses.

Former chairman of Hujuripara union Zaidur Rahman said that most of the villages of the union went under water as the Barabilla-Karnehar

Flood has multiplied the woes of villagers in Jessore district. Photo shows the flood victims going to safer places walking through the railway track near Benapole. —Star photo

Flood Control Embankment, that was severely damaged by the previous years' floods, had broken down. "I myself repeatedly wrote to the Water Development Board and the upazila administration for repairing and renovation of the embankment before the monsoon came, but they had not heard my appeal," he said.

About 90 per cent houses, mainly thatched houses, have collapsed in Vimer Daing village in Damkura union. The other worst affected villages are Kaipara, Damkura, Govindapur, Alakhatra, Madhupur, Khorsantiko and Shilail. Journalist found many flood victims in Damkura High School, Damkura Dakhil Madrasa, Shilail High School and Shilail Madrasa. Several hundred people took shelter in makeshift houses along Shilail Road.

In Godagari upazila, Hatpara, Sharengpur, Mahishbari, Madarpur, Achua Rail Market, Bagarpur, Kella Barupara, Srimontapur in municipality, Char Naoshara, Manikchak, Kanapara and Hathapara in Char Ashariadaha union, Basudevpur, Kashimpur, Kamarpura, Avoya and Ballagata in Basudevpur union, Premtoli, Dumuria, Ujanpara Sarkar Para, Hatupara, Pirajpur and Harishaberpur in Matikata union and Faradpur, Alipur, Kumarpur and Nimtola in Gogam union have been badly affected.

Rajshahi District Relief and Rehabilitation Officer last week said that the district administration had distributed 47 metric tons of rice and cash money of Taka 20,000 among the flood

affected people in nine upazilas and six municipal areas. Local Awami League, BNP, Jatiya Party and Jamat-e-Islami and a few social organisations have started relief works.

A special campaign was launched in Kishoreganj recently to register birth of all children under five years. Photo shows one woman worker collecting data in the haor area.

Erratic power supply hampers normal life

Erratic power supply and frequent outage in Brahmanbaria and Magura have been causing immense suffering to residents, report agencies.

In Brahmanbaria, power goes off eight to ten times a day, paralysing normal life of the people living in the district town, upazila headquarters and villages.

The owners of industrial units are incurring heavy losses due to frequent power failure.

Students are the worst sufferers, as they can not pay attention to their studies due to erratic supply.

Frequent power failure has been hampering smooth supply of water, causing immense suffering to the people, particularly the housewives and patients in hospitals and clinics.

Due to power failure, most of the roads in the town plunge into darkness after dusk, hampering smooth movement of pedestrians and vehicular traffic.

Besides, anti-social elements take advantage of the darkness in the town and engage themselves in various crimes.

Frequent fluctuation of voltage is another problem faced by the power consumers.

In Magura, subscribers alleged that the power goes off three to four times a day, hampering

production in mills and factories adversely.

Sometimes, electricity remains off during whole night without any prior notice and it is being increased day by day, they said.

When contacted, an official of local electricity department said the unavoidable situation has been created due to short supply of power supply in the district from Jhenidah grid.

Meanwhile, another report from Madaripur says: Work on electrification has been progressing fast costing Tk 38.27 crore in four upazilas of the district.

Pally Bidyut Samity (PBS) started the project with the financial assistance from the World Bank in 1985, which included Rajoir, Kalkini, Shibchar and sadar upazilas.

The Samity has given electricity connections to 39,463 subscribers installing 1611 km lines in 434 villages in four upazilas of the district.

Of the total, 3,218 connections were given to residences, 4,129 to commercial installations, 2,068 to irrigation machines and 44 to different factories.

General Manager of the PBS said they would supply electricity to 500 subscribers of 12 village by installing 100 km new lines in the current fiscal year.

Birth registration campaign in Kishoreganj

Kishoreganj is the fourth district, after Jhenidah, Luxmipur and Kurigram, to take the initiative to improve the state of birth registration, says a press release.

It is also the largest district with many difficult-to-reach haor areas.

Special arrangements were made to ensure registration of all children living in haor areas. The district has taken several measures to sustain the birth registration efforts after the end of the campaign.

Close involvement of health workers, who routinely visit the households, is a key to a sustained success of this campaign.

The district has established an intersectoral District Birth Registration Committee which skillfully managed the preparations of this campaign, and will ensure that it continues through regular field visits to all upazilas of the district.

Orientation meetings were held in all union Parishads and field health workers were meticulously prepared for their task.

To increase visibility, the district administration distributed stickers folders and carry-bags with the national birth registration logo.

Drug addicts up

From Our Correspondent

NETRAKONA, Sept 30: Narcotics traders are doing brisk business in the district and the number of drug addicts is increasing alarmingly, causing concern among guardians.

Traders sell narcotics virtually in open markets, residents said, adding that the members of law enforcing agencies do not pay attention to the illegal trade. Drugs like hemp, Indian phensidyl syrup, rectified spirit and country made liquor are very popular among the addicts here. Railway station, Mohanganj Bus Stand, Tangali Bus Stand, Dhaka Bus Stand and Satpal BADC office areas are dens of traders and addicts. It is reported that just after the dusk the addicts assemble at the spots and take drugs. Besides, drug addicts often resort to various crimes like mugging and extortion in order to meet the expense of drugs. The addicts also steal valuables from their houses to meet the cost, guardians said.

Because of non-cooperation

NOAKHALI, Sept 30: Accusing their male counterparts of non-cooperation, female UP members of the district alleged that they can hardly take part in development programmes of the government, reports UNB.

Talking to the news agency, a number of female UP members in Sadar upazila said their male colleagues hardly accept their opinions and their chairmen hesitate to assign them important jobs.

Three female members were elected from each union in direct balloting in 1997 UP election.
