

DCC urged to construct flyovers

Bangladesh Truck Owners' Association has urged the Dhaka City Corporation to construct flyovers, truck terminals, ring roads, link roads and bypasses to ease traffic jam in the city.

Leaders of the association came up with this suggestion while talking to DCC Mayor Mohammad Hanif at his office yesterday.

Assuring the association leaders of implementing their

proposals in phases, the mayor said steps have already been taken up to construct a truck terminal at Amin Bazar near Gabtoli, flyovers and link roads in other parts of the city, and improve its traffic signal system.

Meanwhile, the DCC has expressed concern over the growing activities of raising funds on footpaths in the name of holding urs and religious programmes by certain quar-

ters.

A DCC press release said these people illegally occupy footpaths and roads in different parts of the city for collecting money, causing sufferings to pedestrians and obstacles to traffic movement.

The DCC has asked those involved in such activities to remove their belongings from roads and sidewalks or face legal action.

Sleeping is a strenuous exercise..... without a proper support

All over the world, cotton mattresses have become obsolete, due to the unscientific body posture it creates when you sleep on it for eight hours at night. This results into irreparable orthopaedic problems. Spring mattress is the only solution in developed countries for last fifty years.

SWAN FOAM has for the first time introduced spring mattress in Bangladesh with springs imported from UK and quilted cloth from Singapore to give you sound sleep nights after nights.
