**Tigers kill 15 in Sundarbans in last two months**

UNB, Bagerhat

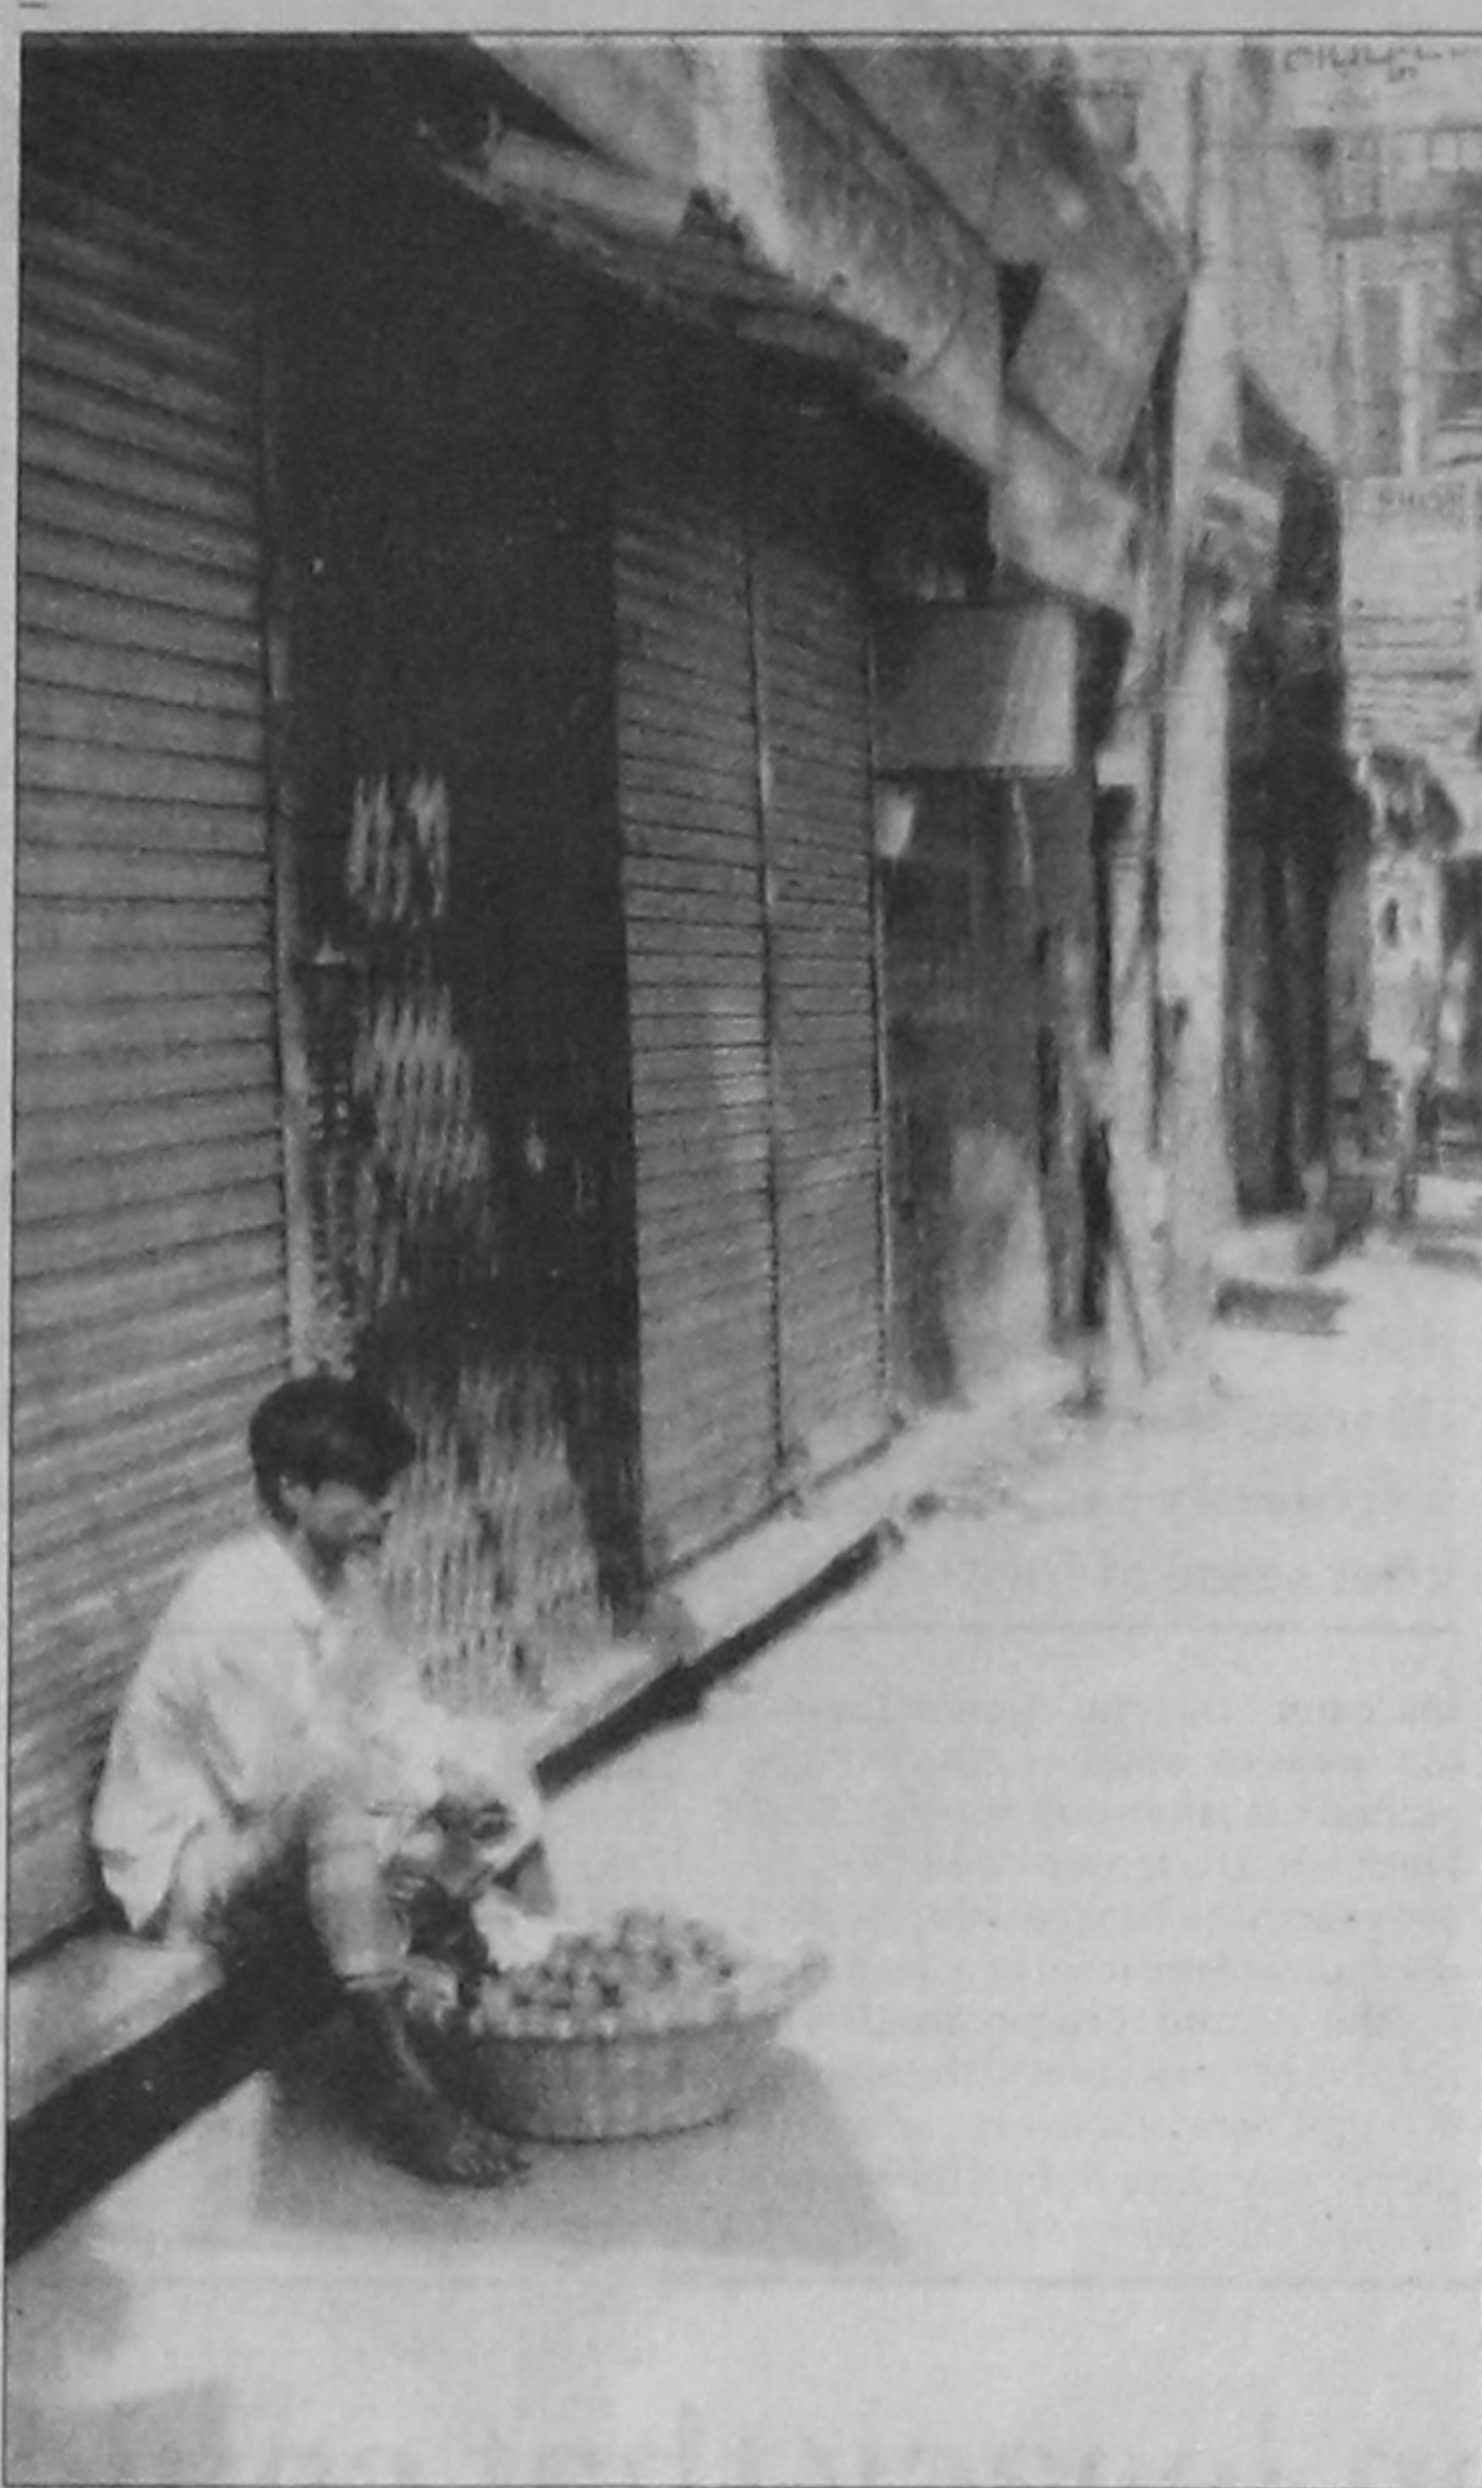

At least 15 people were killed in attacks by the tigers in the Sundarbans, the largest mangrove forest in the world, in last two months.

Apart from this, some 10 people, including woodcutters, received injuries in the attacks by the tigers during the period.

Nine of the dead were identified as Shahidul Islam, 33, Samad Dhali, 30, Kuddus, 25, Jalil, 37, Salam, 42, Farid, 20, Amin Mistry, 38, Nurul Islam, 30, and Munsur, 35.

Most of the people who fell prey to the tigers had long been involved in smuggling out forest resources from the Sundarbans and fishing shrimp fry in the river Pashur defying the government ban.

At present, smuggling of forest resources, including woods and wild animals, is on rise in the Sundarbans due to inaction of the law enforcers, local people alleged.

A young vendor sit in front of a shop at Nababpur Market with the fruits he is selling during the hartal hours yesterday. Most markets in the city remained closed during the dawn-to-dusk hartal called by a section of Islamic scholars yesterday.

**PM asks youths to involve in social welfare activities**

BSS, Mouchak, Gazipur

Prime Minister Sheikh Hasina yesterday called upon the youth community to associate themselves with the activities of the Red Crescent Society and commit themselves for serving the distressed humanity.

"I call upon the youth community to come forward with commitment for the welfare of the country and the people," she said while inaugurating the 10<sup>th</sup> National Youth Camp of Bangladesh Red Crescent Society at Mouchak last morning.

She said the members of the Youth Red Crescent are involved in human welfare activities along with continuing their education as they want to render service to the distressed humanity during their student life, she added.

The Prime Minister expressed the hope that they would be able to make more contributions to the welfare of the country and the nation through building themselves as true citizens of the country. She urged the concerned teachers, guardians and officials to

enhance their activities for formulating pragmatic programmes and their implementation.

Sheikh Hasina said the government has been implementing various programmes for development of skill through training, creating self-employment opportunities and development of youth leadership for making the youth efficient and productive human resources in the Fifth Five-Year Plan.

She said research, data collection and preservation for youth development, establishment of National Youth Centre and other welfare activities were included in the plan. "We have created opportunities for participation of the

young generation in population control and health service activities," she said.

The Prime Minister pointed out that the government has been encouraging the college and university students to participate in social welfare activities.

The Prime Minister earlier took salute from the march past. She also witnessed a field demonstration on the emergence of the Red Cross movement across the globe.

She also inaugurated a painting exhibition and a blood donation programme. She was happy to note that a donor has donated blood for 57 times, which is a record.
