Govt may go for Ganges Barrage project

BSS, Dhaka

Government is actively considering the construction of the Ganges Barrage to preserve water for use during the lean period. Water Resources Minister Abdur Razzaq said in the city yesterday.

Speaking at a seminar on 'National Water Management Plan,' he said the government is trying its best to negotiate with India and Nepal for better river basin management and augmentation of dry season flow of all the common rivers.

Presided over by Water Resources Secretary Azad Ruhul Amin, the inaugural session of the two-day seminar was also addressed by Director General of WARPO.

He said the government is committed to bring about an institutional reform in the water sector for its better management and optimum utilisation.

He said water is an important sector where women, who are half the total population, can be engaged.

He dispelled the propaganda by some anti-people elements to create confusion among people about the National Water Man-

agement Plan. He said NWMP is being formulated to serve best the interest of people.

He said the historic Ganges treaty has opened a new era for socio-economic development of the millions of people in the southwestern districts.
