## Workshop on tissue banking

BSS, Dhaka  
Minister for Science and Technology Lt Gen (Retd) Noor Uddin Khan yesterday said successful treatment of paralysis and accident-related cases is possible through tissue banking. In this context, he favoured private sector cooperation and investment for expansion of the technology.

He said this while inaugurating a day-long workshop, on "Tissue banking: guarantee for quality and its medicament context", organised by Bangladesh Atomic Energy Commission, at its auditorium.

The minister lauded the contribution of the Bangladesh Atomic Energy Commission to the growth of the country's agriculture through peaceful use of nuclear power in preservation of high yielding varieties of crops.
