

## Lanka-Bangladesh Parliamentary Assoc formed

**BSS, Dhaka**  
Sri Lanka-Bangladesh Parliamentary Association for Friendship (SBPAF) has been formed in Colombo to foster mutually beneficial relations between the two nations.  
The formal launching of SBPAF

was announced following a special meeting held in the Sri Lanka capital on March 26 in celebration of the 30<sup>th</sup> anniversary of Independence of Bangladesh, according to a report received here yesterday.  
The meeting laid emphasis on

the importance of greater cooperation between the two countries in trade and investment. It also stressed greater cooperation in the fields of culture and education.  
Eminent legal expert and one of the key organisers of Bangladesh's Liberation War Barrister M

Amir-ul Islam, who addressed the meeting as a special invitee, said Bangladesh and Sri Lanka have achieved major successes in attaining self-sufficiency in food, reducing child mortality, increasing GDP growth and spreading education.

## Gear up activities of BDRCS: President

**BSS, Dhaka**  
President Shahabuddin Ahmed yesterday called for accelerating the humanitarian activities of the Bangladesh Red Crescent Society (BDRCS).  
"The Bangladesh Red Crescent

Society should gear up its humanitarian activities through its dedicated manpower," the President told a delegation of members of the Managing Board of BDRCS when they called on him at Bangabhaban.

The President also advised them to take care of the property, particularly the immovable ones of the society and take steps to clear up its huge bank loans.  
The members of the delegation, led by BDRCS Chairman

Sheikh Kabir Hossain, apprised the President of the various humanitarian works and projects of the society.  
They also apprised him of the existing assets and liabilities of the society.

### We are celebrating the 2nd anniversary of CDMA, but it'll be an occasion for you to remember.

(Incoming mobile calls free. Full BTTB connection. Two new tariff packages.)

It's been 2 years since we launched our CDMA service, CityCell Digital. And we'd like to make this a memorable occasion for you.

Introducing the Hyundai 600E, in two new packages. For Tk.26,295 you get a phone that not only receives but also make calls to T&T phone lines. Better still, all incoming calls from mobiles are free. And roaming facility between Dhaka & Chittagong, comes at no extra cost. This offer is open only for the first 1000 subscribers - so hurry!

What's more, there's good news for our current subscribers: They can now convert from their existing tariff packages of Talk 500 & Talk 1000 to our new CityCell 500 and CityCell 1000 packages, at no extra cost. (For details, see table).

Package Name	CityCell 500		CityCell 1000	
	Peak	Off	Peak	Off

## Achieved ISO 9001

### Message

It is with pleasure and pride that I announce, Vantage Electronics Limited's achievement of another quality milestone - the prestigious ISO 9001 certification in electronics, - being the first in the country.

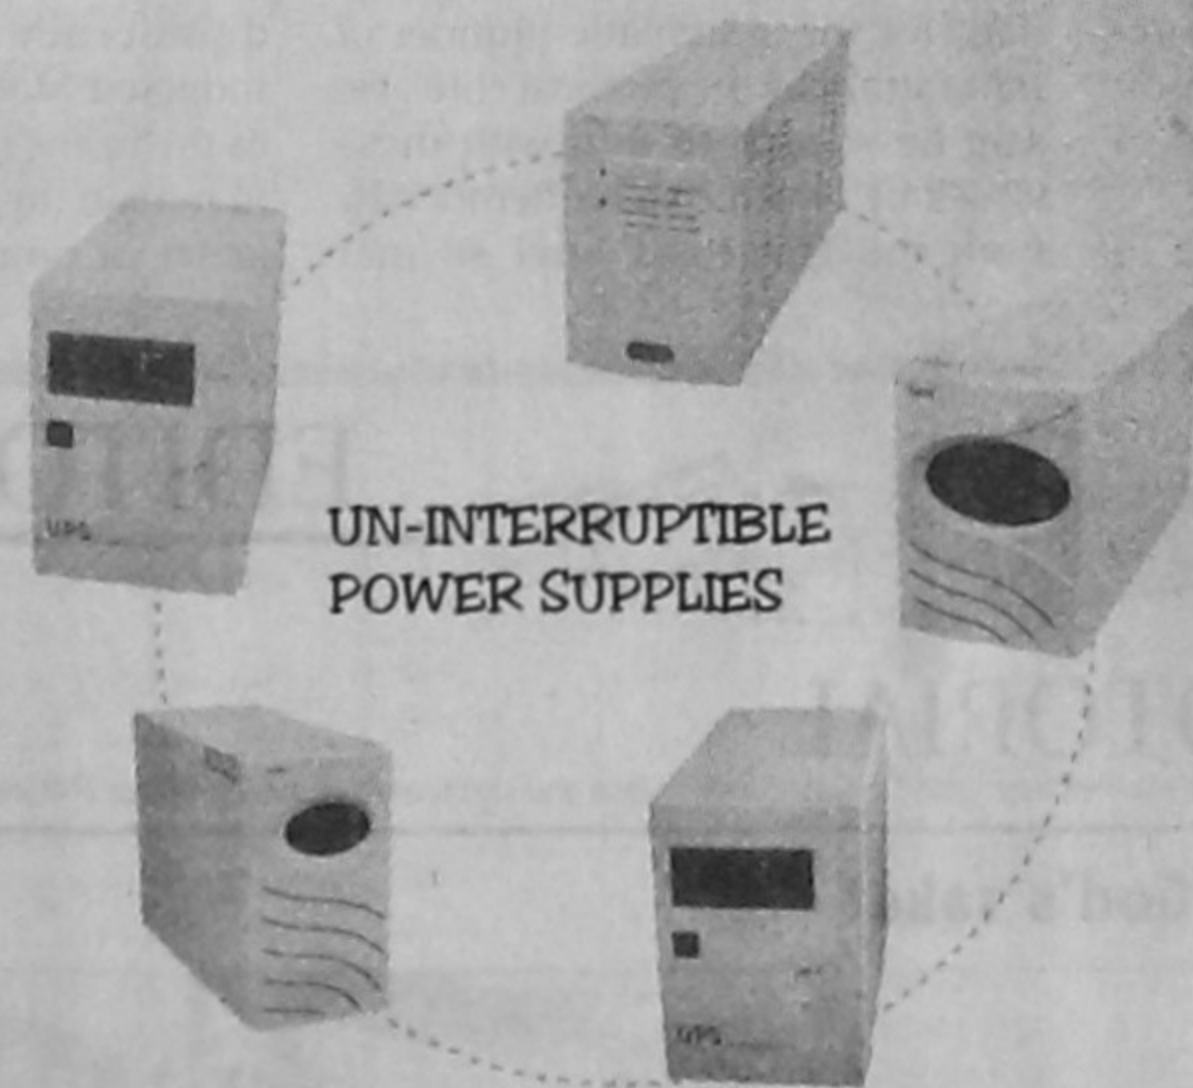

The attainment of the ISO 9001 certification would not have been possible without the commitment, cooperation and hard work of all our 217 employees. Also, we would like to acknowledge the unflinching support of our clients without which the establishment of "VANSTAB" brand would not have been possible.

Our primary mission is "Pursuit for Perfection" and "Perfection towards Quality". In pursuance of this, the company ensures the individual progress of employee's technical ability, skill and knowledge by means of "on the job training"; and thus, the industry's global standards and quality are maintained. Efficiency receives the utmost importance and the individual goals are integrated with corporate ideals.

Customer satisfaction will always be our prime area of concentration. Progressive after sales service in terms of information to field services and even joint product development with the consultation of the customer, have rewarded us with the trust, solidarity and partnership worldwide.

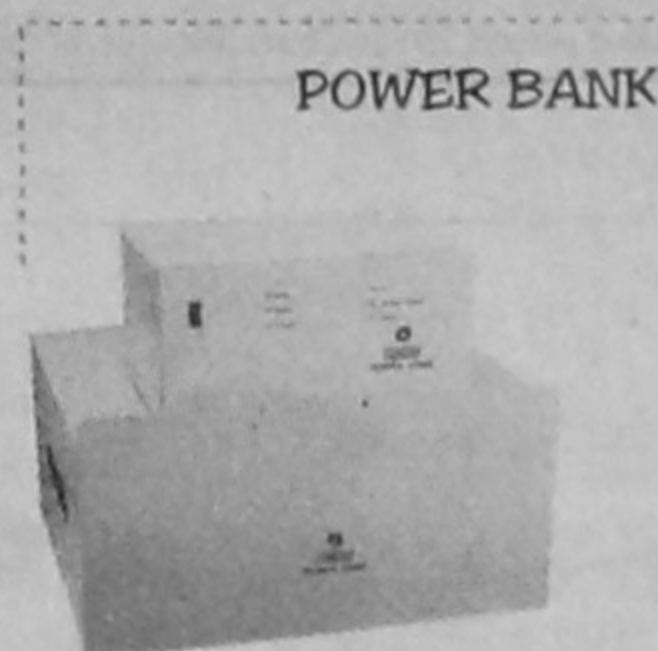

Finally, I pray that all the employees of VANSTAB will remain committed to acquiring knowledge and develop indigenous technology for the benefit of our people and participate in the overall development of Bangladesh.

Major General (Retd.) M.I. Karim, awc, psc  
Chairman  
Vantage Group

#### Salient Features

- UPS plus AVR (Automatic Voltage Regulator) allows 160V to 275V of input voltage range, which is the best protection equipment for your LAN and PC.
- Cold Start: The UPS can be activated without utility power.
- Battery charging with current limit to extend battery's life.
- To connect with the Novell Network, MS-DOS, MS-Windows V3.1, MS-Windows 95, MS-Windows NT, ARTISOFT LAN Tasic, Microsoft LAN Manager and IBM LAN server.
- High/low voltage protection
- Low battery auto shut down
- Short circuit protection
- High Non-linear Load Current Capability (Crest factor)
- High efficiency at minimum cost, maintenance free
- Reverse Polarity Protection
- Design with static by-pass switch to protect the UPS when over loaded
- Fully automatic and electricity circuitry

#### Salient Features

- 2 hrs back up at full load
- Fully safe and dependable
- More efficiency less expensive
- Fully soundless and pollution free
- No need of excess machinery & fuel
- Protection for internal over & under load
- Auto Reset System
- Maintenance free
- Auto Change over
- Battery Reverse Protection
- Battery over charge and deep Discharge protection

#### BATTERY CHARGER / RECTIFIER

#### Salient Features

- Automatic Charging Control
- Electrical protection for -
- Short circuit
- Slow start
- AC Input Fuse
- DC Output Fuse
- AC Input Surge Suppressors
- Battery Fuse
- Output Current Limiting at  $\pm 2\%$  current limit
- High Quality
- Automatic solid state operation
- Minimum maintenance

#### AUTOMATIC VOLTAGE REGULATOR

#### Salient Features

- Surge and Spike Suppression
- RF, Interference and EMI Filtering
- Unsafe High/Low Voltage Protection
- Anti Fluctuation Delay Facility
- Short Circuit Protection
- Noise Suppression
- Auto Power On
- International Safety Standards
- Survives sudden 440V in Power line
