

Second round of NID May 13

BSS, Dhaka

Adequate preparations have been taken to administer Oral Polio Vaccine (OPV) to all under-5 children of the country on the second round of the National Immunisation Day (NID) scheduled for May 13, official sources said.

The first round of the 9th NID was observed on April 8 this year. But despite all efforts, over half a million of the targeted 22 million children were left out in the first round of the 9th NID.

World Health Organisation (WHO) consultant to the Extended Programme of Immunisation (EPI) Dr David H Sniadack said that as the follow-up of the NID, four days of child-to-child searching for the left-out children had improved the performance of the NIDs.

He, however, said during the second round of the 9th NID, extra measures including setting up of adequate vaccine centres at railway and bus stations and ferry ghats, have been taken so that the children travelling with their parents are not left out.

Besides, the WHO consultant said, wide publicity campaigns were going on throughout the country to encourage the parents to bring their under-5 children to

vaccination centres on May 13. About 6,00,000 volunteers will administer OPV in about 1,20,000 centres spread all over the country.

Supervision and monitoring systems of the NIDs were also being strengthened to get best result, he added.

Dr Sniadack said Bangladesh has made tremendous progress in its stride to eradicate Polio from
