Govt urged to ensure quality IT education

STAFF CORRESPONDENT

Speakers at a meeting yesterday urged the government to take appropriate measures to ensure quality IT education in the country.

"Save the Information Technology (IT) education sector from the grip of a section of unscrupulous businessmen to flourish the IT sector," one speaker said.

The speakers suggested forming a policy guideline to check mushrooming of IT training centres as, what they said, the unscrupulous businessmen are trying to make quick money in the name of IT education.

They were addressing the inaugural ceremony of Postgraduate Diploma in Information Technology (PGDIT), offered by Engineering Staff College, Bangladesh (ESCB) in association with Engineers' Council of Information Technology Limited (ECIT).

Minister for Science and Technology Lt. Gen. (ret'd) Nooruddin Khan inaugurated the course. He assured that all possible cooperation will be provided for the development of IT education in the country.

Science graduates and business administration graduates from any authorised institutions or universities are eligible to attend the two-year course. The course fee is Tk 70,000.

A total of 15 students, mostly engineers, have enrolled for the first PGDIT.
