

Radio telemetry introduced to conduct research on deer

Radio telemetry, an electronic device, has been introduced to protect deer and conduct research on this endangered species. A forest department source said yesterday that two spotted deer with radio transmitter were released in the Karamjal forest in the Sunderbans on June 7 and their movement was monitored instantly. The habits and movement during reproductive season and the number of attacks on the deer by tigers can be observed and relevant data could be collected through the use of radio telemetry.

Digital phone exchange opens at Kendua

UNB, Dhaka
President Justice Shahabuddin Ahmed said the inauguration of a 300-line digital telephone exchange at Kendua upazila in Netrokona district will be beneficial to the local people.

The President said this while talking to Fazlur Rahman Khan MP who made the first call from Kendua to him at Bangabhaban on Tuesday, said a Bangabhaban press release.

President Shahabuddin thanked the T&T officials and employees for completing the work successfully.

Samajtantrik Chhatra Front formed a human chain in the city yesterday demanding increased allocation for the education sector in the national budget.

Early Cancer Detection Centre opens

The first of the six Early Cancer Detection Centres (ECDCs) of Ahsania Mission Cancer Hospital (AMCH) started functioning in its own building, opposite to Hermann Gmeiner School, at House # M-1/C, Mirpur-14, on June 2, says a press release.

The centre will offer services of international standard in the detection and primary treatment of different types of cancer diseases. Besides, the ECDC has facilities for quality treatment in the fields of medicine, surgery, ENT, plastic surgery and orthopedics.
