## Major parties flouting electoral laws: 11 party

STAFF CORRESPONDENT

Leaders of the 11 party yesterday alleged that the candidates of the major political parties are flouting electoral laws and obstructing electioneering of the small parties.

They said the loan defaulters and 'black money' holders who slipped through the loopholes of the electoral law are now spending a lot to woo the voters.

The leaders of the 11 party, a conglomerate of eleven left-leaning parties, were briefing the journalists in a pre-election press conference in the city.

They amount the candidates of the major parties are spending in a single day is much higher than Tk five-lakh limit stipulated by the Election Commission (EC), the leaders said, adding that these candidates are spending the money for setting up hundreds of makeshift election camps and dais, for writing graffiti, banner, for putting up gigantic replica of party symbols and portraits of their idols, and for publishing advertisement in the national dailies.

But the EC has so far failed to

take any disciplinary action against those who are violating electoral laws and printed colour pamphlets, the leaders alleged.

They said the EC has formed a Electoral Inquiry Committee to probe such irregularities and anomalies but did not empower the committee to take legal action against the offenders.

On giving permission to United States to use Bangladesh airspace and port facilities, the leaders expressed their strong reservations and said it might cause instability and pave way for the installation of US military base in the country.

About deployment of army in the run-up to the election, they said the army could not ensure a free and fair election unless the caretaker government take effective steps to recover all illegal arms, arrest terrorists and take stern actions against the electoral law violators.

Bimal Biawas, Nirmal Sen, AFM Mahbubul Haq, Ajoy Roy, Saiful Islam, Monzurul Ahsan Khan and Azizul Haq Khan were present at the press conference.
