MESSAGE

I am pleased to know that "CEMS - Conference & Exhibition Management Services is once again organising the "2nd Mega Expo" for the year 2001 in Pan Pacific Sonargaon Hotel, Dhaka, an event which has become a cornerstone in the country's business calendar.

With 3 Exhibitions in one go under the "Mega Expo 2001" umbrella, I appreciate "CEMS" in organising exhibitions on various subjects on such big magnitude and their efforts to bring the producers, traders representing a wide range of sectors and ultimate consumers under one roof for direct interaction.

These kind of exhibitions, definitely, lead to a further strengthening of the trade of the country and provides a perfect buyer-seller meet.

It is really good to see so many companies participating in this "Mega Expo 2001" which undoubtedly shows that exhibitions are now becoming a perfect platform for companies to reach the end-consumers and make them aware of products available for them.

I wish a grand success of the "Mega Expo 2001".

Benajir Ahmed
President

The Dhaka Chamber of Commerce & Industry

Since its inception in the year 1992, CEMS has been organizing Trade Shows, Exhibitions, Seminars & Conferences in the country for itself as well as many Trade Associations and Foreign Diplomatic missions. With a need to further promote the growing economy of our country and aware the end-con-

sumer of various products available in the market under one roof, exhibitions definitely uphold "CEMS" objective that is to introduce and popularize the country's industrial as well as consumer

products to the ultimate consumers and to bring the producers, traders and the entire clientele under the same roof for direct interaction and decide which product is suitable for them. We

expect to make consumers conscious about quality and price structure of the products available to them. We certainly hope exhibitions like these on various subjects make the producers careful about their responsibilities to the consumer and on the other hand make the consumer conscious about their rights as well.

Organising events of such big magnitude require professional skill and CEMS is backed by a highly qualified & experienced professional event management team to fulfill the requirements of our clients at its best.
