

DHAKA BOOK FAIR AT NATIONAL PARADE GROUND VISIT MIDAS STALL TO BUY WORLD DEVELOPMENT REPORT 2002 AND OTHER WORLD BANK PUBLICATIONS

The World Development Report 2002 focuses on building market institutions that promote growth and reduce poverty, addressing how institutions support markets, what makes institutions work and how to build them.

This Report recognizes that one size does not fit all in institution building and provides policy guidance on how to develop appropriate institutions. Building on the success of countries, and learning from the failures, the Report provides a deeper understanding of market-supporting institutions and a better appreciation of how people may build such institutions.

BSS, Dhaka

Communications Minister Barrister Nazmul Huda yesterday said adequate number of Compressed Natural Gas (CNG) filling stations would be set up across the country for turning all petroleum driven motorised vehicles into gas driven.

"Donors have assured of providing all necessary assistance to the projects to help reduce air pollution and protect environment," the minister said this while he was addressing a delegation representing Bangladesh University of Engineering and Technology (BUET), Grameen Bank and Grameen Fund at the communications ministry here.

The meeting was held in view of providing government support to private entrepreneurs in large-

scale manufacturing and marketing of the locally invented Gram Bangla-Rafiq autovan and build up a suitable transport system in the rural areas, a press release of the ministry said.

Rafiq, a brilliant mechanic of the country, has invented the four-stroke autovan at a cost of Tk 65 thousand using local technology. The environment-friendly vehicle is capable to carry nine passengers.

State Minister for Communications Salauddin Ahmed, Communications Secretary Syed Rezaul Hayat, Prof Dr M Imtiaz Hossain of BUET, Khaled Shams of Grameen Bank, AA Koreshi of Grameen Fund and mechanic Rafiq were present, among others, at the meeting.
