Food procurement drive in Rangpur faces setback

MOZAMMEL HUQ, Rangpur

Aman paddy and rice procurement drive of the government is being hampered greatly due to rise in paddy and rice prices in the markets in Rangpur.
Only 300 metric tons of paddy have so far been procured while not a single grain of rice has been procured till the end of December.
The Food Department has a target to procure 9,468 metric tons of paddy and 6,261 metric tons of rice in Rangpur during the current season. The department has opened procurement centres in nine LSD godowns of Rangpur. But the millers did not sign the contracts for supplying rice to the Food Department because of alleged imposition of a new levy by the government, which is effective from the current fiscal

year.
The millers will have to pay 2 per cent levy for a bill amounting to Tk 3 lakh and 3 per cent levy for any bill beyond Tk 4 lakh. This has caused repercussion among them.
Meanwhile, the ongoing cold wave has seriously affected the standing crops, especially the vegetable plants causing a drastic fall in its yield, agriculturists said.
Officials of the Department of Agriculture Extension (DAE) also informed about sharp fall in vegetable production due to cold wave.
As a result prices of different kinds of vegetables have shot up. Winter vegetables are now being sold at much higher rate beyond the purchasing capacity of common consumers.

Hunting of guest birds goes on unabated

UNB, Rangamati

As thousands of guest birds started arriving in the hill region like previous years, hunters are indiscriminately hunting these birds defying the government ban.
The migratory birds coming from that Siberian region to escape from biting cold are taking shelter in different rivers, canals, lakes and other water bodies.
Different species of migratory birds, including Balihas, Dahuk, Rajhash, Lakha, Sarail, Kalash and Neelgiria are now seen in abundance at various water bodies.
Local people alleged that indiscriminate hunting of birds is continuing in different parts of Sadar, Barkal, Baghaichhari, Naniarchar, Zurachhari of Rangamati and Mohaichhari, Dighinala and Rangarh of Khagrachhari.
Professional as well as amateur hunters are hunting the guest birds from various lakes and selling these in different markets before the eyes of the law enforcers.
Kalash and Balihash are being sold in local markets between Tk 50 and 70 each.
There are different ways of

hunting the guest birds. Some hunters use guns while some other use cages to catch the birds. They also apply a number of other methods to net the guest birds ignoring the government's ban on hunting the migratory birds.
If this ominous trend continues the migratory birds would stop coming into the country, which would harm the ecological balance, feared experts.
Local leaders urged the authorities concerned to look into the matter and take immediate steps against the bird hunters.

Efforts on to introduce tech based education

BSS, Keraniganj

Minister for Relief and Disaster Management Chowdhury Kamal Ibne Yusuf recently said the government is working relentlessly to introduce a modern technology-based education in the country.
"We have to build our new generation so that they can cope with the challenges of the 21st century," he said while speaking at a Freshers' Reception Ceremony at Ispahani Degree College at Keraniganj as the chief guest.
Presided over by Omar Faruk, the function was addressed, among others, by State Minister for Health and Family Welfare Amanullah Aman MP, educationists and student leaders.
Calling upon the students to help build a terrorism free education system in the country, Yusuf said an evil force is conspiring to destroy our education system by unleashing terrorism in different educational institutions.
The minister also called upon the students to help government maintain congenial academic atmosphere on the campuses and supplement their efforts for implementing different development programmes of the government across the country.
Later, the minister inaugurated "Bijoy Mela" (Victory Fair) at the college premises.

Four HYV pulse invented

UNB, Mymensingh

Scientists at Bangladesh Institute of Nuclear Agriculture (BINA) have invented four high yielding varieties (HYV) of pulse, brightening the image of the research organisation.
The new varieties are BINA Khesari-1, BINA Chola-3 and BINA Chola-4 and BINA Mashur-1.
National Seed Board has received the seeds to distribute among framers for cultivation across the country.
Inventor of BINA Khesari-1 Dr Ziauddin Ahmed said the average production of the new variety would be 1.6-2.0 tons per hectare and it could be harvested within 110-125 days of sowing. He said the plant leaves are deep green while the seed has deep-black stripes.
The average production of BINA Chola-3 is 1.6 tons per hectare and its life span is 115-120 days and protein rate is 21.5.
Dr AKM Shamsuzzaman, the inventor of BINA Chola-4, claimed that it could be harvested within 120-125 days of sowing and its average production capacity is 1.63 tons per hectare. Its protein rate is 22.34. Customers will be attracted more to it because of its bright colour.
BINA scientists MA Majid and Snigdha Roy, and Prof Kazi Nasiruddin Ahmed of ABU said BINA Mashur-1 could be harvested

in 125-130 days with an average production rate of 1.8 tons per hectare. Its protein percentage is 25.9. They said this new variety seed is able to protect Rust and Leaf Blight diseases of lentil.

Valuables looted from night coach

UNB, Thakurgaon

Road prates swooped on a night coach near Kaharol upazila textile mills in Dinajpur early Monday and looted valuables worth Tk one lakh.
Witnesses said the robbers halted the Ranisankoil-bound bus from Dhaka at the point by blocking the road with logs.
The robbers, numbering about 15, damaged the bus, beat the passengers indiscriminately and decamped with the booty, leaving at least five people injured. A report from Rangpur says: A gang of 8-10 muggers stormed into the house of food inspector Golam Sarwar at Kamal Kasna in Rangpur town early Sunday.
Police said the bandits wearing shorts confined the house inmates in a room at about 4 am at gunpoint and decamped with a revolver, cash, gold ornaments worth Tk one lakh.
Police arrested Majnu from Damdoma area in Mithapukur upazila in this connection.

Bus journey becomes hazardous

BSS, Narail

Rash driving and overloading of buses have made travelling by bus in different routes of Narail hazardous, according to local people.
Most of the buses plying in Laxmipasha-Jessore via Narail, Kalia-Narail, Narail-Jessore, Narail-Magura, Phultala-Narail, Lahuria-Lohagora, Kalia-Khulna, Majpara-Narail routes are in dilapidated condition and these buses face frequent engine trouble.
Overloading of the buses is a daily affair causing frequent accidents. Besides, bus conductors realise fare from the passengers at an exorbitant rate. They also mis-behave with them.
It is also alleged that the bus drivers do not maintain any timetable and it takes much time to reach the destinations causing untold sufferings to the passengers.
Most of the drivers are illiterate and many of them do not have valid driving licenses. They sometimes use fake names and addresses to avoid arrest after the road mishap.
The number of passengers in the road has also increased with rapid increase of population, but no new buses were introduced to meet the increasing demand.
The condition of bus stands on these routes is also pitiable. There is no waiting shed in the bus stands and the passengers have to wait for buses standing under the sky.
The local people urged the authorities concerned to look into the mater and take necessary steps to redress the sufferings of the commuters.

Fish scarcity in northern region

UNB, Dinajpur

An acute scarcity of fish has been prevailing in the northern region of the country including Dinajpur since long.
According to a study, there is a demand of 36,798 tons in the region every year, but only 19,367 tons are produced in the water bodies, including khas ponds, canals and rivers.
Over 17,000-ton shortage of fish reached gradually over the last 7/8 years.
An investigation found that most of the water bodies in the region either have beset with the ownership problem or are grabbed by the locally influential people. Besides, many turned unfit for pisciculture.
According to official sources, there are 32,000 ponds the ditches in the northern region fit for use. Of those 20,000 belonging to the government remained under occupation of influential people. There are also 40 rivers flowing over the region.
While visiting through various rivers like Korotoa, Ichhamati, Borai, Atrai, Hursagar, Doidanga, Mohanonda, Gumaní, human habitations are being built and cultivation is going on the dried up land.
The fish output in the vast Chalan Beel in Pabna, Bogra, Sirajganj, Natore, Rajshahi, and Naogaon also decreased alarmingly.
The fish in the mighty Padma, Jamuna, Brahmaputra, Teesta and Dharla rivers also dropped significantly.
