Balanced edn a must for dev President tells CWU convocation

BSS, Dhaka

President AQM Badruddin Chowdhury yesterday underlined the importance of a balanced education with the focus on moral and ethical values for overall development of the society and meeting the growing needs of the country in all fields.

"We need a balanced, educational concept... for development in the field of science and technology and upholding moral and ethical values as well," President Chowdhury said while addressing the first convocation of Central Women's University (CWU) in the city.

Held at the Osmani Memorial Hall, the function was also addressed by Prof Begazadi Mahmud Nasir, Chairperson of Board of Trustees, and Prof Kulsum Huda, Vice-Chancellor of the university.

Prof Sirajul Islam Chowdhury delivered the convocation address.

Established in November 1992, the Central Women's University is the first university of the country for women.

Guardians and prominent personalities in the field of education attended the function, which began with a procession of the students. Nearly 200 students were conferred degrees at the ceremony.

Stressing the need for efficient and dedicated teachers, the president hoped that the university will be able to inculcate modern thinking and a deep sense of morality at the same time in the students.

"Education, particularly higher education is a key to social and upward mobility," he said, adding that the society needs more edu-

cated and enlightened women.

Prof Begazadi, the first Vice-Chancellor of CWU, said the convocation is a landmark for the institution which received support and inspiration from many at home and abroad to begin its journey.

Prof Sirajul Islam Chowdhury said education should enrich persons with human qualities and imbibe with patriotism. He said educated person should have social commitment and must acquire and disseminate knowledge for the good of the society.

Prof Chowdhury mentioned that although there has been great progress of women in recent time, they are still subjected to all sorts of humiliation and oppression.

He said society should be freed from the vestiges of male chauvinism through education.
